

## BIG REPUBLICAN RALLY TOMORROW NIGHT

### FOUND IN THE WATER VERY BADLY INJURED

**John Potts Fell From the Railway Bridge or Was Pushed Off by a Companion.**

### TUMBLE OF FIFTY FEET NEARLY KILLED HIM

John Potts, notoriously known as "Boon," a resident of Smith's Ferry, met with an accident this morning which may cost him his life. Potts, it is said, has been employed at the East End Sewer Pipe works and has been drinking heavily of late, so much so that his actions have become those of a crazed man, noticeable especially to his relatives with whom he made his home at Smith's Ferry. Potts, at 4 a. m. today, badly under the influence of liquor, with a companion, was wending his way homeward to Smith's Ferry. They reached the big bridge of the C. & P. which crosses Little Beaver creek, and were heard by surrounding residents loudly discussing the matter of crossing the bridge, much profane language being used. Watchman Zane Davis found Potts' unconscious form down near the creek a distance of 50 feet below, as he was making his usual morning inspection of the bridge. He summoned help and carried Potts to the watch house, and from there the man was taken to the home of his step-brother, George Thompson, at Smith's Ferry, where he had boarded since separating from his wife and family. Watchman Davis states that when he found Potts, one foot was lying in the water of the creek, the side of his head was badly bruised and it is feared he has sustained serious internal injuries, besides broken ribs and limbs. A strong smell of whisky came from the unconscious form of Potts. Dr. Reed, of Georgetown, was summoned and is attending Potts' injuries, but has not yet determined the result. There is a doubt as to the manner in which the accident took place. This morning when found Potts had a strange hat, not his own, and his clothes were badly torn and tattered. The companion of the morning has disappeared, and it is not known whether Potts was pushed off the bridge or staggered therefrom by drunken footsteps. It is not known.

### NEW SYSTEM OF POLICE PATROL

Regulations Calculated Greatly to Promote Efficient Service.

### REPORTS EVERY HALF HOUR

Everything is about complete for the inauguration of the new patrol system. The board of public safety desired to have it working today, but could not, owing to several good reasons, and it is possible that a delay of a couple of days will take place before members of the police force will be compelled to make reports at appointed times. An investigation was made of the system yesterday afternoon by a reporter of the News Review, and if it works as the fathers of it have planned it will be the greatest addition ever made to the police department of this city. Contrary to the general opinion the policemen will have to report at a patrol box at intervals of only 30 minutes. The report, it will be remembered, is in circulation to the effect that each officer would have to put in an appearance at the Diamond every 15 minutes. This, of course, was strenuously objected to by the officers and they have been raising a big howl. As a matter of fact the officers will only be at the central box, located in the Diamond, every 90 minutes. They will be compelled to register at three different points, however. Two of them will be out on the extremities of their beats and they will register by going to the patrol box and pulling

### SUIT AGAINST THE CITY FOR \$10,000 DAMAGES

One of the biggest damage suits entered against the city in years is that of Mrs. E. W. Sealy, of Warren, Pa., who asks \$10,000 as a result of the accident which has caused her to be bedridden for several months. She is represented by Attorneys Hollis E. Gross, P. M. Smith and W. F. Lones. Plaintiff George E. Davidson will defend the city in the suit. It will be recalled that Mrs. Sealy was injured on Fourth street, near Moon's feed store, on the evening of April 1, last. According to the story

### ALL IN READINESS FOR BIG MEETING

Crowds and Music Will Greet Republican Speakers Tomorrow Evening.

Everything is in readiness for the big Republican meeting tomorrow night, when United States Senator Moses E. Clapp and United States District Attorney John J. Sullivan will speak at the opera house. A large attendance is expected. People will come in from the country for miles around.

The speakers will be received on their arrival at the station in the afternoon and escorted to the Thompson house. A band of 16 pieces will parade the streets and also furnish music at the opera house. An oratorical treat will be furnished all who attend.

### VERY SWEEPING IN HIS DECISION

Stark Probate Judge Holds Registration and Election Boards Illegal.

### THE BAR BACKS HIM UP

Canton, October 27.—An interpretation of the municipal code by Deputy Probate Judge Edwin I. Baer, if borne out by the courts, would sweep away registration in all the cities of the state and abolish the city election boards.

Mr. Baer in his sweeping statement is backed by the leading members of the bar in Canton, who reason that, by the repeal of the classification statute, both registration and city election boards were virtually wiped out of existence. The registration law and the law creating the city board of elections were based upon section 1546 of the old law, by which cities were classified according to their population. There were cities of the first and second classes, subdivided into grades. This section was repealed by the adoption of the code, and all towns having a population of 5,000 or over were made simply cities. There are now no cities of the first or second class, or of any other.

The city board of elections in Canton has no legal existence for two reasons, say the attorneys. In the first place, the law comes under the head of class legislation, applying to only Richland and Stark counties. It is based upon the old classification, relating to cities of the fourth grade of the first class. The code is silent upon registration, so that when the classification laws were repealed there was nothing substituted. It is possible that some persons who have not registered may attempt to vote in Canton and bring the question to an issue.

### THE CITY BONDS

Will Soon Be Printed And Disposed of By the Sinking Fund Commission.

The sinking fund commission held a meeting yesterday afternoon and agreed to accept the bonds offered by the city council for sale. The bonds are now being printed and just as soon as this work is completed the commission will officially offer them to William McCullough, who has made the city a proposition relative to purchasing them.

### East Liverpool Sale Confirmed.

Lisbon, October 27.—(Special.)—Public sale of real estate by M. J. McGarry, as administrator of the estate of Catherine Starkey, of East Liverpool, has been confirmed and a deed ordered to the purchaser, Michael Callahan. The real estate sold is half of lot 173 in East Liverpool, appraised at \$1,400 and sold for \$1,230.

### Licensed to Marry.

Lisbon, October 27.—(Special.)—Walter Long and Bessie Campbell, Salem; Port Morrow and Minnie L. Borden, East Liverpool; Sidney W. Smith and Alice Firth, East Liverpool; C. Robert Ralston and Mrs. Margaret May Allison, East Liverpool, have been licensed to marry.

### FIRE STATION NEEDS REPAIRS

That Is All That's the Matter With It, Says Chief Morley.

### A TOUR OF INSPECTION

Made By a Committee of Council Will Result in Recommendation to Give Prompt Attention—Northside Building a Model.

Messrs. Cannon and Moon, the committee of council appointed to investigate the condition of the central fire station and also to inspect the Northside station, met yesterday afternoon at 4 o'clock and carried out the work delegated to them. At the regular meeting of council to be held this evening they will make a full report of their findings.

The central station was first viewed by the pair. They were escorted through the building by Chief Morley and found the station to be badly in need of repair. It will be remembered that Mr. Cannon apprised the council on last Friday evening of the supposed condition of the building and proposed that something be done immediately in order that heavy loss might be averted. He stated at the time that he was afraid that the building might collapse at any time and advised that action be taken at once.

Though the investigation proved the building not to be in an extremely dangerous state—that is, not so dangerous as one would have implied from Councilman Cannon's statement last week—the building is in poor shape and undoubtedly needs attention. The trouble seems to be located on the north side of the building. About midway of the side several joists and some studding have apparently rotted and allowed the building to sag down to a considerable distance, estimated by the committee to be nearly 15 inches.

According to Chief Morley the building has been sagging for a long time. He accredits it wholly to weakened joists and studding. He, as well as the committee, is of the opinion that the damaged part of the building can be repaired at a small cost and that it will not be necessary to erect a new station. He does not fear a collapse of the building, but thinks it should be repaired and the committee decided to report this to council tonight. Council will likely receive the report and then a motion will be made to instruct the board of public safety to see that the work is done. Council considers it the work of this board, and will insist that it carries out the suggestion.

Following the investigation at the central station the committee went immediately to the Northside station, McKinnon avenue and Calcutta road. It did not take long to inspect every feature of the new structure and the committee stated: "It is really the only building the city owns." It is true that the building is not very large, but it is plenty large enough for the use to which it will be put, and besides being a pretty building it is most substantial. The work was done by Contractor John Cain and was finished several weeks ago. The committee will advise the acceptance of the building and council will then be called upon to pay the contractor. His bill is \$2,600.

The new structure, as it now stands, cost the above amount. The ground

### HYDROPHOBIA AMONG ANIMALS

VALUABLE HORSE OWNED BY A MAN NEAR LISBON SHOT.

Other Animals in the Same Neighborhood Affected—Strange Dog the Cause.

Lisbon, October 27.—(Special.)—A dog was seen in this vicinity some time ago, and giving evidence of being afflicted with rabies, is thought to be the cause of several cases of hydrophobia which have developed among animals here within the past few

days. A valuable pacing horse, the property of Fred Lodge, a few miles north of Lisbon, was shot Saturday evening, after it had become so violent with hydrophobia that there was no mistaking the nature of its ailment.

The animal first showed signs of hydrophobia about the middle of last week, and grew worse until Saturday evening, when, after it had been frothing at the mouth for a day or so became so ferocious that it had to be killed. Mr. Lodge is said to have had his horse hitched on the square in Lisbon the day a strange dog was seen acting queerly on the streets a few weeks ago.

A dog belonging to W. C. Taylor, a Lisbon barber, which showed symptoms of rabies, was shot Saturday and some hogs south of here in Madison township are said to have died of the same disease.

### A NEW OIL FIELD AN IMPORTANT ONE

Oil Developments West of Empire Promise to Rival Knoxville Region.

### MANY WELLS GOING DOWN

Empire, October 27.—(Special.)—Oil development is taking a wonderful stride in the vicinity of the recent west strike in the Sugar Grove district west of Empire. There are already three good producers in the field, one on the Smith farm, one on the Wilcoxon farm and a 10-barrel producer on the Freshwater farm at the extreme southern portion of the field.

Freudenberger, of Steubenville, will bring in next week his No. 1, on the Fitzpatrick farm, Jennings Bros., of Pittsburg, have begun the erection of No. 1 on the Robert Wilkinson farm, and two other new locations have been made by Pittsburg operators on the Gladden farm. This new field promises to rival in importance the original Knoxville field, and really the process of development on this side of the Ohio river has just merely begun.

The Freudenberger No. 1, on the Wilcoxon farm, is holding steadily a flow of 130 barrels daily, and the Crawford No. 1, on the Smith farm, is doing 8 barrels. This latter well was shot by Harry Luntz Saturday. The Knoxville field proper is still doing 400 barrels daily, and with the Sugar Grove district the average is 500 barrels per day. The only new developments in the Knoxville field are the No. 2's of the Consolidated Oil company now drilling on the Charles Watt and Alfred Phillips farms. These wells, if good, will be an outlet to the west.

The Turkeyfoot field, including the extension and the new district, Little Run, on the edge of Turkeyfoot extension over the Pennsylvania line, is now doing 18,000 barrels per day, says Gauger D. M. Shaky. This is an increase over last year, owing to the new developments in the Little Run district.

In Turkeyfoot the Phoenix Oil company is down 1,600 feet with its No. 2 on the I. M. Young farm. Sutton Bros. & Co.'s No. 1 on R. Freshwater & Ralston's farm is due in the sand today; Hunter & Co.'s No. 1 on the Swearingen farm has been cleaned and is doing four barrels daily; E. A. Freshwater & Son's No. 3 on the Herron farm, just in, is doing three barrels.

At Port Homer, on this side of the river, the Cleveland & Port Homer Oil company's No. 1 on the E. W. Houser farm is down 700 feet and there is a fishing job on hand.

At Moscow, W. Va., opposite Port Homer, John Mildred's Sons & Co.'s No. 5 on the Williams heirs' farm is down 500 feet.

### PENNSYLVANIA AVENUE REPORT A COMPLETE ONE

It Places the Benefits Derived at \$23,419, Which Is Higher Than Formerly Given.

### CITY COUNCIL IS EXPECTED TO ACCEPT IT

Among the several matters of importance to be acted upon by council at its regular meeting this evening, is the report of the Pennsylvania avenue equalization board. This board composed of Messrs. A. H. Underwood, president; W. A. Calhoun, secretary, and J. H. Hague, finished its work on Saturday, October 10, and was ready to report some time ago, but did not desire to until council met in regular session.

The work was decidedly laborious and the members of the board felt that they had accomplished considerable when it was off their hands. The report was compiled by Mr. Calhoun, and it is safe to say that no more precise or more complete report of the kind was ever submitted to any councilmanic body in this city. Mr. Calhoun was able to do the work in first-class condition owing to his experience in following his profession. In the report every lot that was contained in the original assessing ordinance is specified, its dimensions given,

en, its location and every detail necessary for the action of council.

The board listened to all sorts of complaints by property holders abutting on the improved avenue and has a record of each protest in the report. The equalizing was done according to the benefits derived from the improvement and the amount equally divided among the property holders was \$23,419.62. This amount is somewhat higher than that submitted by the last assessing board, due to a mistake made by the latter. It had credited the proper amounts, but in adding the long string of figures had made a mistake of about \$1,200. To this amount was also added, the expense of the equalization board.

It is not expected that the report will meet with favor from every one concerned. Council will undoubtedly accept it, but there are certain persons believing that they should not pay the assessment at all, and they will surely register complaints. It is said that the case will eventually go before the courts at Lisbon.

### OPPORTUNITY FOR BOYS TO MAKE MONEY RAPIDLY

Every boy has a chance to make money for Christmas. The News Review will pay to any boy 25 cents for each new order he takes for three months subscription to the daily edition at 10 cents per week. Many boys are reaping a harvest doing this.

The orders must be from people who are not taking the News Review and who have not taken it for at least a month past from newsboys, news stands or the office. Before securing any orders call at the office and get blanks, which must be signed by subscribers.

In addition to this the News Review will give a first prize of \$5 in gold to the boy securing the greatest number of subscribers by a given date and \$2.50 in gold to the second highest boy. In order to aid the boys in the work they will be allowed to offer free one of the famous "Contentment" pictures, sold everywhere for \$1.80, with each bona fide three months subscription. The pictures are on exhibition at all news stands and at the News Review office.

the lever as the have been accustomed to doing when calling the patrol wagon. The only difference will be that they will ring but once, whereas they ring three times for the wagon. At the central box they will not pull a lever, a telephone being stationed there. This they will use in telephoning to central fire station.

There will be an all-night man at the station and it will be his duty to answer every call and write down on a report card the exact time every officer reports. In this way the board of safety will know exactly what the men are doing and in case of an emergency every policeman on the force can be reached in not more than five minutes. The hardship to the system will not be in evidence, as thought by the officers. It will simply mean that they must work according to discipline and they can fulfill the order without the least trouble.

The board has divided the city into five beats, numbering them 1, 2, 3, 4 and 5. Instead of having an officer assigned to one beat for a time, the members have decided to give each man the same opportunity of enjoying the good beats, providing there are any. They intend for the man covering beat No. 1 one week to cover beat No. 2 the next week and so on until he has had a whirl at all of them.

The policemen will be given an hour every night at midnight for lunch. That is, they will not be compelled to report at 12:30. It is not expected that the officers will consume the entire hour, but they will not have to report on that half hour, and that will give them an opportunity to eat their lunch without worry.

Just as soon as there is money enough on hand to allow the expenditure, the board intends to inaugurate the telephone system all over the city. It desires to do away with the

### PENNSYLVANIA AVENUE REPORT A COMPLETE ONE

It Places the Benefits Derived at \$23,419.  
Which Is Higher Than Formerly Given.

### CITY COUNCIL IS EXPECTED TO ACCEPT IT

Among the several matters of importance to be acted upon by council at its regular meeting this evening, is the report of the Pennsylvania avenue equalization board. This board, composed of Messrs. A. H. Underwood, president; W. A. Calhoun, secretary, and J. H. Hague, finished its work on Saturday, October 10, and was ready to report some time ago, but did not desire to until council met in regular session.

The work was decidedly laborious and the members of the board felt that they had accomplished considerable when it was off their hands. The report was compiled by Mr. Calhoun, and it is safe to say that no more precise or more complete report of the kind was ever submitted to any councilmanic body in this city. Mr. Calhoun was able to do the work in first-class condition owing to his experience in following his profession. In the report every lot that was contained in the original assessing ordinance is specified, its dimensions given, its location and every detail necessary for the action of council.

The board listened to all sorts of complaints by property holders abutting on the improved avenue and has a record of each protest in the report. The equalizing was done according to the benefits derived from the improvement and the amount equally divided among the property holders was \$23,419.62. This amount is somewhat higher than that submitted by the last assessing board, due to a mistake made by the latter. It had credited the proper amounts, but in adding the long string of figures had made a mistake of about \$1,200. To this amount was also added, the expense of the equalization board.

It is not expected that the report will meet with favor from every one concerned. Council will undoubtedly accept it, but there are certain persons believing that they should not pay the assessment at all, and they will surely register complaints. It is said that the case will eventually go before the courts at Lisbon.

### DEAD IN A SEWER UNDER THE RAILWAY

A Tramp Met Death in a Strange Way at Garfield on the Ft. Wayne. Garfield, October 27.—(Special.)—The dead body of an unknown man of about 35, presumably a tramp, was found in a sewer, passing under the Ft. Wayne railroad, here yesterday. A whisky flask was in his pocket.

### THREE LABORERS FATALLY INJURED

Another Chapter to the Long List of Wabash Railway Disasters at Pittsburgh.

Pittsburgh, October 27.—(Special.)—Another disaster has been added to the long list that have occurred on the new Wabash railroad work. Three laborers were fatally hurt by an explosion in the Wabash tunnel today.

### AN UNKNOWN ASSASSIN KILLS REVOLUTIONIST

Head of An Armenian Society in London Mysteriously Murdered Today.

London, October 27.—(Special.)—In a London suburb this morning Sagat Sagouni, president of the London Armenian Revolutionary society, was murdered by an unknown assassin.

### AN \$80,000 FIRE

Curry Woodenware Factory in Cincinnati Suffers a Big Loss.

Cincinnati, October 27.—(Special.)—The Curry woodenware factory was damaged by fire this morning. Loss, \$80,000.

### OPPORTUNITY FOR BOYS TO MAKE MONEY RAPIDLY

Every boy has a chance to make money for Christmas. The News Review will pay to any boy 25 cents for each new order he takes for three months subscription to the daily edition at 10 cents per week. Many boys are reaping a harvest doing this. The orders must be from people who are not taking the News Review and who have not taken it for at least a month past from newsboys, newsstands or the office. Before securing any orders call at the office and get blanks, which must be signed by subscribers.

### CIRCUIT COURT NOW IN SESSION

In a Short Time There Were a Number of Cases Disposed Of.

### SEVERAL ARE POSTPONED

Lisbon, October 27.—(Special.)—Circuit court opened her at 9 a. m. with Judges P. A. Laubie, J. B. Burrows and J. M. Cook on the bench.

A number of the unusually large list of cases assigned were quickly disposed of as follows:

The case of Daniel T. Lawson vs. William R. Wells, from Wellsville, was continued.

The case of Lucy Russell vs. the Pennsylvania company was passed for settlement.

The case of Joseph S. Faloon vs. Samuel S. Burson was continued.

The case of Philip Bruner, a taxpayer of Wellsville, vs. Wallace L. Fogo, mayor, and other officials of Wellsville, was dismissed.

The case of W. C. Randall vs. Joseph Laughlin was continued.

The case of the city of East Liverpool, vs. Nancy K. Bettridge was passed.

The case of Lena Hartley vs. Mary E. Burris et al was continued.

The case of the city of Salem vs. W. G. Waithman was continued on account of the illness of A. W. Taylor, attorney for the defendant.

### Death of Mrs. Hoadley.

New York, October 27.—(Special.)—Mary Hoadley, widow of Ex-Governor Hoadley, of Ohio, is dead.

### OPPORTUNITY FOR BOYS TO MAKE MONEY RAPIDLY

Every boy has a chance to make money for Christmas. The News Review will give a first prize of \$5 in gold to the boy securing the greatest number of subscribers by a given date and \$2.50 in gold to the second highest boy. In order to aid the boys in the work they will be allowed to offer free one of the famous "Contentment" pictures, sold everywhere for \$1.80, with each bona fide three months subscription. The pictures are on exhibition at all news stands and at the News Review office.

## News and Notes About The Potteries

### CARROLLTON'S NEW PLANT.

M. F. Albright, a pottery man of Carrollton, formerly of Sebring, was in the city last evening. Mr. Albright reports that the new pottery recently completed at Carrollton, has been in operation about six weeks. It drew the first glaze kiln Monday. The plant when in full operation will employ about 100 people. The building is 132 x 408 feet, the clay department two stories. The plant has a capacity for nine kilns, but five of which have been completed. The clay mixing machinery is modern and up-to-date, and the ware manufactured is vitreous porcelain. The company aims to place a high-class ware upon the market and will try to maintain a high standard. It will start out 12 salesmen on the road as soon as samples can be got ready. Charles D. Pelley, formerly of the National pottery, East Liverpool, took charge of the decorating department yesterday. Willis Wright, of this city, also has charge of the kiln burning, and has turned out the ware so far with but little loss, which is always a feature in a new concern. The quality of ware obtained is highly satisfactory and everything is running smoothly. The company has already booked a large number of orders ahead. In connection with the factory they will have an electric light plant, the dynamo, for which was received this week. Altogether the new industry will be a big addition to the small old town of Carrollton.

### THE MANNINGTON POTTERY.

Gamble & Surles, the East Liverpool brick contractors, have just completed four new kilns at the new Mannington (W. Va.) white ware pottery.

W. JOHNSON QUINN, Prop.

J. E. Gamble returned from that point yesterday and says the plant is nearly ready to begin operations, when the machinery is all placed. The buildings are 400x400 feet, the warehouse three-stories and the workshop two stories. The machinery is modern and furnished by the Patterson foundry of this city. The new pottery will employ about 150 hands. It is finely equipped and promises to be a lively addition to Mannington's industries.

### SHUT DOWN.

The Mack Manufacturing company shut down its Clifton sewer pipe works at New Cumberland Saturday. This

plant was operated successfully all summer. The Eagle sewer pipe works of the same company have been idle all summer. It is believed by a number of the employees that the Mack company has affiliated with the American Sewer Pipe company, and that concentration of manufacture has been the idea since. The brick plants of the company have been running partially throughout the year so far, but will soon be compelled to close on account of cold weather.

### A PRACTICAL CLAY MAN.

John Monsey, formerly superintendent of the East End sewer pipe plant and a resident of East Liverpool, is superintending the erection of a \$75,000 fire brick yard at Freeport, Pa.

for the C. B. Clark Coal company, of Pittsburgh. Mr. Monsey will also superintend the work when completed, as he is a most practical clay man, having been employed in a number of large factories as superintendent. C. G. Stevenson, of Wellsville, is furnishing the machinery equipment for the new venture.

### COSHOCTON NOTE.

### ENGINEERS' SCALE SIGNED.

The potteries have all signed the Stationary Engineers' union scale with the exception of two, and one of these will sign conditionally this week. The engineers report all their members now working.

### AMONG THE POTTERS.

Coopers report their traffic rather slack at this season of the year.

Arthur Wright, of Wellsville, is now engineer at the Hall China company.

Ware shipments at the C. & P. freight depot are very heavy at present.

The Hall China company reports a big boom in trade and shipments heavy.

Arch Winters has accepted a position as warehouseman at the Dresden pottery.

Elmer Kummerel is a new dipper at the C. C. Thompson pottery. He came from Derry, Pa.

Louis Sanford, of Laughlin No. 2, has accepted a situation as dishmaker at Laughlin No. 3.

Ewrey Dray, who has been off duty for two weeks, has resumed work as finisher at Laughlin No. 3.

Stephen Leighton, a presser at the Union pottery, has resigned and taken a similar position at Brunt's.

Homer McCartney, saggermaker at Laughlin No. 2, has taken work at the Hall China company's factory.

The Cameron (W. Va.) white ware pottery has made three glaze kilns of ware since it began operations.

Charles Pippin, a presser at the Union pottery, is off duty owing to the serious illness of his father, who resides in the West End.

Oliver French, packer at the Burford pottery, has taken charge of the packing department at the C. C. Thompson pottery.

Three pin-makers have resigned at the Louthan Supply company's shop.

Robert Rouse, a pin-maker, has accepted a position there.

East Liverpool Brick company's plant is doing a fairly good business. It has completed its fourth kiln, has one filled with green brick and is burning off another, besides one ready to empty.

### Guardian for an Octogenarian.

Lisbon, October 27.—(Special.)—Clarke Moore, of East Liverpool, has asked the court to appoint a guardian for William Moore, of St. Clair township, who is 84 years old. The prospective ward is the owner of 80.74 acres in St. Clair township and 84.88 acres in Middlefield township, and is said to be incapable of looking after his interests properly. The application is set for hearing next Monday.

Elmer Kummerel is a new dipper at the C. C. Thompson pottery. He came from Derry, Pa.

Louis Sanford, of Laughlin No. 2, has accepted a situation as dishmaker at Laughlin No. 3.

Ewrey Dray, who has been off duty for two weeks, has resumed work as finisher at Laughlin No. 3.

Stephen Leighton, a presser at the Union pottery, has resigned and taken a similar position at Brunt's.

Homer McCartney, saggermaker at Laughlin No. 2, has taken work at the Hall China company's factory.

The Cameron (W. Va.) white ware pottery has made three ghost kilns of ware since it began operations.

Charles Pippin, a presser at the Union pottery, is off duty owing to the serious illness of his father, who resides in the West End.

Oliver French, packer at the Burford pottery, has taken charge of the packing department at the C. C. Thompson pottery.

Three pin-makers have resigned at the Louthan Supply company's shop. Robert Rouse, a pin-maker, has accepted a position there.

East Liverpool Brick company's plant is doing a fairly good business. It has completed its fourth kiln, has one filled with green brick and is burning off another, besides one ready to empty.

### Guardian for an Octogenarian.

Lisbon, October 27.—(Special.)—Clarke Moore, of East Liverpool, has asked the court to appoint a guardian for William Moore, of St. Clair township, who is 84 years old. The prospective ward is the owner of 80.74 acres in St. Clair township and 84.88 acres in Middleton township, and is said to be incapable of looking after his interests properly. The application is set for hearing next Monday.

## News and Notes About The Potteries

### CARROLLTON'S NEW PLANT.

M. F. Albright, a pottery man of Carrollton, formerly of Sebring, was in the city last evening. Mr. Albright reports that the new pottery recently completed at Carrollton, has been in operation about six weeks. It drew the first glaze Monday. The plant when in full operation will employ about 100 people. The building is 132 x 408 feet, the clay department two stories. The plant has a capacity for nine kilns, but five of which have been completed. The clay mixing machinery is modern and up-to-date, and the ware manufactured is vitreous porcelain. The company aims to place a high-class ware upon the market and will try to maintain a high standard. It will start out 12 salesmen on the road as soon as samples can be got ready. Charles D. Pelley, formerly of the National pottery, East Liverpool, took charge of the decorating department yesterday. Willis Wright, of this city, also has charge of the kiln burning, and has turned out the ware so far with but little loss, which is always a feature in a new concern. The quality of ware obtained is highly satisfactory and everything is running smoothly. The company has already booked a large number of orders ahead. In connection with the factory they will have an electric light plant, the dynamo, for which was received this week. Altogether the new industry will be a big addition to the small old town of Carrollton.

### THE MANNINGTON POTTERY.

Gamble & Surles, the East Liverpool brick contractors, have just completed four new kilns at the new Mannington (W. Va.) white ware pottery.

plant was operated successfully all summer. The Eagle sewer pipe works of the same company have been idle all summer. It is believed by a number of the employees that the Mack company has affiliated with the American Sewer Pipe company, and that concentration of manufacture has been the idea since. The brick plants of the company have been running partially throughout the year so far, but will soon be compelled to close on account of cold weather.

### A PRACTICAL CLAY MAN.

John Monsey, formerly superintendent of the East End sewer pipe plant and a resident of East Liverpool, is superintending the erection of a \$75,000 fire brick yard at Freeport, Pa.

for the C. B. Clark Coal company, of Pittsburgh. Mr. Monsey will also superintend the work when completed, as he is a most practical clay man, having been employed in a number of large factories as superintendent. C. G. Stevenson, of Wellsville, is furnishing the machinery equipment for the new venture.

### COSHOCTON NOTE.

The following old East Liverpool boys are employed at Coshocton: Tommy Taylor, turning; Will Hamilton, five and six-inch plates; Charles Gallinger, seven and eight-inch jigger;

Jack Carroll, Jumbo Jigger. Turner Wilson's injury to his hand is getting better. The pottery loafed Friday. The boys are well pleased with the town.

### NEARLY UNDER ROOF.

The new three-story clay shop at the West End pottery is nearly under roof. The shop is 50x50 in dimensions. It will be fitted with modern clay-making and sagger-making machinery, and with steam heating apparatus. A steam heating apparatus has been put in the decorating department of the pottery.

### RUSHED WITH ORDERS.

Five new employees went to work at the Chelsea yesterday morning. A number of them were from East Liverpool. They will be employed in the sticking-up department. The plant is rushed in all departments.

### ENGINEERS' SCALE SIGNED.

The potteries have all signed the Stationary Engineers' union scale with the exception of two, and one of these will sign conditionally this week. The engineers report all their members now working.

### AMONG THE POTTERS.

Coopers report their traffic rather slack at this season of the year.

Arthur Wright, of Wellsville, is now engineer at the Hall China company.

## Failure of Liquid Kidney Remedies Due to Alcohol.

## A. C. BRITT, WHO HAD KIDNEY TROUBLES FOR FOUR YEARS, NOW CURED.

A. C. Britt, of 654 Clark Street, Cincinnati, O., writes Aug. 15, 1903: "I suffered for four years with what doctors said was kidney trouble, but could get no relief. A friend of mine recommended Kidney-Wort Tablets, and after taking them for ten days I immediately got relief. I have been taking them now for three weeks and can honestly say I am as free from any sign of kidney affection as I ever was in my life."

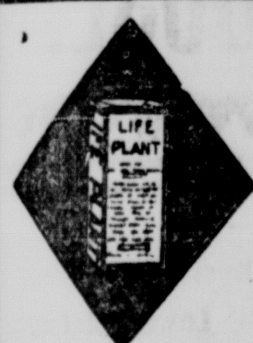

Physicians are agreed that the smallest addition of alcohol in a kidney remedy is harmful in the extreme. Don't meddle with liquid remedies. They contain dangerous ingredients:

- 1—Alcohol
- 2—Mineral Drugs.
- 3—Anodynes.

## EAST END

### A \$25 COON DOG LEAVES IN HOT HASTE

Arrived By Boat and Was Being Taken To Its Owner When It Ran Away.

Fred Hostetter, day conductor on the Pleasant Heights extension of the East Liverpool railway, considers he is one of the most unfortunate individuals in the East End. The young man lost a valuable coon dog yesterday morning, and the circumstances surrounding its escape and continued absence are most peculiar.

Hostetter is an enthusiastic coon hunter, and when the season opened this fall was one of several parties who left the East End to hunt the animal in the surrounding woods. The hunters were handicapped at every turn by the lack of a good dog, and after several unsuccessful attempts to capture coons, Hostetter determined to send for a dog where he knew the people spent time in training them. He announced that he would have a dog on the ground that was a dog.

Besides the original cost, which was said to be something like \$25, the street car man had the animal shipped to this city by the Kanawha, which arrived in this city yesterday morning. A young brother was on the ground to receive him, and when its turn in the unloading operations was reached, the boy tied a rope securely about the dog's neck and proceeded to lead him up the bank. The animal was not accustomed to the rope, and protested vigorously. As a result, the dog succeeded in breaking loose at the top of the hill and made tracks for the East End, with the boy in hot pursuit.

The lad succeeded in keeping in sight of the clean limbed animal to a point near Mulberry street, where all trace of him was lost. Mr. Hostetter and all his friends have been engaged in a diligent search for the dog ever since, but without success.

### DIABOLICAL DEED

Detective on the Hunt for Boys Who Placed a Spike in a Railway Frog.

A C. & P. detective has for the past few days been trying to ferret out the parties who placed a spike in the frog of a switch located between Clondike and Smith's Ferry last Friday. It is said that a passenger train west bound came near being derailed as a result. The officer is of the opinion that the act was perpetrated by young boys. He has not yet succeeded in obtaining the names of the parties, but has visited a number of homes in his quest.

It was a diabolical act, and it is altogether probable that the hunt will not be given up until those guilty of the act have been brought to justice.

### Banquet And Social.

Buckeye castle No. 98, of the Eagles, is preparing for a delightful time on Friday evening next at P. H. C. hall. Hope castle, of East Liverpool, and Irondale castle, of Irondale, will assist in the initiation of five candidates, three of these are from Irondale and two from the East End. A banquet and social will follow the initiatory ceremonies.

### Fell from a Ladder.

Harry Johnson, who resides in the East End, while picking apples on the farm of William Freedman, near Beaver, Pa., Saturday fell 25 feet from a ladder to the ground and was rendered unconscious. His left arm was also broken badly. He has returned home and is now under the care of a physician.

### Real Estate in Demand.

Real estate, says Walter C. Supplee, is quite active. He has had more inquiries than in any previous year. There is a great demand for four and five-room houses, especially those centrally located. Mr. Supplee will close up a number of big deals this week.

### Ben Hur Social.

The Ben Hur Pan-American court, No. 127, of the East End, will give a social and entertainment on November 10. There will also be a number of initiations of candidates. The lodge is most prosperous and have been taking in new members right along.

### Social Postponed.

The social to be given by the coopers' union in Larkins' hall has been deferred until the second week in November. The social is for the members and their wives, and will partake

Best Parlor Heating Stove on the Market.

### REZNON

merely of a social nature. A fine entertaining program is now in course of preparation.

### Beaver Creek Line Progressing.

Byron D. Beacom, of Klondike, claim agent for the East Liverpool Railway company, has returned to his duty from a short business trip of a few days in the east. Mr. Beacom says the work of grading up Little Beaver creek is progressing most satisfactorily, and that the railway will pass through some most romantic scenery along the route. The best of steel rails are used in its constructions, he states.

### Halloween Party.

The Daughters of Liberty lodge, auxiliary to the American Mechanics, will give a Halloween party Saturday evening to members of both orders. There will be many pleasing features and a fine program in connection.

### Quarterly Meeting.

District quarterly meeting services of the Oakland Grove Free Methodist church of the East End will begin Friday and continue until after Sunday. Preaching each evening by District Elder Silvers.

### Funeral of a Child.

The funeral of the baby of Mr. and Mrs. George Aufholder, of Harvey avenue, took place at 2 o'clock this afternoon, from the home. The interment was made in Spring Grove cemetery.

### EAST END AFFAIRS.

Mrs. Anna Taylor moved from Chaffinsville to Pennsylvania avenue.

A restaurant will be opened in the old Alex Chaffin stand on Erie street. The Ohio Valley Gas company is laying considerable pipe in the Klondike.

Mrs. Theresa Wheatley, of Pennsylvania avenue, has recovered from a recent illness.

Joe Walton's son, of Sandy Bottom is recovering from a serious illness with diphtheria.

A brick foundation is being put under the repair shop at the East End sewer pipe works.

W. Z. Davis, a finisher, has gone to Coshocton to take a similar position in the Coshocton pottery.

George Cast, of Center avenue, has gone to Parkersburg to cut timber for T. W. McCain, of the East End.

The East End sewer pipe works closed down today to make repairs to the clay pans, which are badly in need of it.

This is report week in the East End public schools and scholars and teachers are preparing monthly reports. The clay department at the Klondike pottery was off today on account of the funeral of George Aufholder's child.

Mrs. Lizzie Hartford, who has been the guest of Mr. and Mrs. Raymond Chambers, returned home to Neglev today.

Rev. D. W. McQuiston has been at Baldwin, Pa., assisting his brother, Rev. J. C. McQuiston, in communion services.

The stone quarry located above Ralston's crossing, getting out stone for the Pennsylvania company, is still in operation.

Mrs. Claude Morrow, who has been attending the funeral of her sister's child at Burgettstown, Pa., has returned home.

Several members of the Nonpareil football team will attend an entertainment and reception to the Beaver college football team Saturday evening.

Quite a large congregation attended special services at the Second Presbyterian church last night. Rev. Mr. Daubenspeck preached a masterly sermon.

Mrs. Flora Prescott's condition is about the same. She put in a bad night. The mother and daughter and two sons have been compelled to seek other quarters.

Miller, of Smith's Ferry, and Gailey, of Pittsburgh, and the Standard Oil company are still drilling in the Smith's Ferry district and bringing in some fairly good wells.

Mrs. Thomas Wilkinson, of Glohe street, who is critically ill with measles, is not improving. Her husband summoned neighbors at 4 o'clock this morning, thinking that she was passing away.

## MOTHER'S FRIEND

# We Paid \$100,000

For Liquezone—Yet We Give You a 50c. Bottle Free.

This company, after testing Liquezone for two years in the most difficult germ diseases, paid \$100,000 for the United States' rights. That is by far the highest price ever paid for similar rights on any scientific discovery.

We publish this fact to show you the value of Liquezone. The most worthless product may have great claims made about it; but men don't pay a price like that save for a discovery of remarkable worth to humanity.

### Kills Inside Germs.

Liquezone alone kills germs in the body without killing the tissues, too. It is so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it cannot kill. Liquezone destroys at once and forever the cause of any germ disease. And there is no other way to do it. Any drug that kills germs is a poison to you, and it cannot be taken internally. Liquezone alone can attack a trouble that is caused by inside germs; and it cures diseases which medicine never cured.

### Liquid Oxygen.

Liquezone is simply liquid oxygen—no drugs, no alcohol in it. It is the discovery of Pauli, the great German chemist, who spent 20 years on it. His object was to get such an excess of oxygen in staple

form into the blood that no germ could live in any membrane or tissue.

Liquezone does that. Oxygen is Nature's greatest tonic—the very source of vitality. Its effects are exhilarating—purifying, vitalizing. Nothing else in the world is so good for you. But germs are vegetables; and this excess of oxygen—the very life of an animal—is deadly to vegetable matter.

We spend 14 days in making each bottle of Liquezone; but the result is liquid oxygen—a product which will cure diseases which no medical skill can cure without it. It is now employed in every great hospital, and endorsed by every medical authority, the world over.

### Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquezone kills the germs, wherever they are, and the results are inevitable. By destroying the cause of the trouble, it invariably ends the disease, and forever.

### A STRONG ENDORSEMENT

THE VETTER DYSPEPSIA REMEDY CO., CLEVELAND, OHIO.  
NEW YORK, July 27, 1901.  
After months of suffering with dyspepsia, and having vainly sought for relief through the aid of doctors and a number of so-called dyspepsia cures, at the suggestion of a friend I tried your "Remedy" and obtained relief within twenty-four hours. I continued the use of the "Remedy" until I had used three bottles, and since that time, now more than a year gone by, I have not had a recurrence of the trouble, and am able to partake of any and all foods that I may desire. I certainly consider Vetter's Dyspepsia Remedy a boon to all who may be afflicted as I was, and shall surely recommend it whenever the opportunity presents itself.  
Yours very truly,  
EFFIE ELLISLER.

### COUNTY AND NEIGHBORHOOD

Charles McCracken, aged 35 years, was struck and instantly killed by a Pennsylvania passenger train at Warren, while crossing the tracks on a bicycle.

K. Y. Liber, of Salem, accused of the larceny of \$55 in cash and \$188 in checks from the Pittsburgh & Lake Erie railroad at New Castle, Pa., was held for court.

C. H. Kellar, watchman at the pot works, at Steubenville, was committed to jail by Mayor Scott, having suddenly gone violently insane and threatened to kill his wife.

Richard Bell, of Bell Centre, claims to be the oldest father in Ohio. He is 78 years old and has just become the father of a 9-pound son. His second wife, whom he married two years ago, is not half his age.

A car on the Wheeling Traction company's line jumped the track at the north end of Brilliant, taking the embankment and plunging, cab first, into the creek below. Motorman George Lockhart was severely hurt.

Judge Wing, in the United States district court, at Cleveland, sentenced Albert W. Deibel, former paying teller of the City National bank of Canton, to serve five years in the

penitentiary on the charge of embezzling \$22,000.

Arthur T. Day, salesman for John Orr's sons, wholesale grocers, prominent lodge man and general good fellow, of Steubenville, is under arrest at St. Louis, charged with being a defaulter. His wife, a well known young Steubenville girl, is with him.

The Woodmen lodge, assisted by Calumet lodge, I. O. O. F., of Toronto unveiled a handsome monument to the late Dr. R. R. Price, a deceased member of both orders, and brother of Thomas Price, superintendent of the Chelsea and American China companies.

### Go Prepared.

In preparing for your summer outing, little forethought may save you no end of trouble. Mr. John H. Manly, a dry goods merchant, of Belleville, E. I., while packing an outfit for camping a few weeks on Narragansett Bay, put in a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy for emergency use. The second day in camp his little boy was taken with cramp

Opposed to Clarke, the calamity  
howler and political turncoat, is Sen-  
ator Hanna, with a record of which any  
American citizen might well be proud.  
It is the record of a patriot, of a man  
who is doing all in his power to ad-  
vance his country's cause. Such a man  
is a credit to Ohio, and an honor to  
the nation. He is serving the inter-  
ests of every Ohioan, Republican and  
Democrat, and there is not a citizen  
in this state today who cannot con-  
scientiously vote to keep him in the  
United States senate.

Tin and iron mills in Youngstown,  
Sharon, Pittsburg, Joliet and other  
towns are resuming after a brief idleness.  
Democratic pessimists' predi-  
ctions that the tide of prosperity was  
on the ebb are of the same sort as the  
usual Democratic calamity howl.  
Anybody really anxious to see the  
mills close and remain closed will vote  
the Democratic ticket.

Some of the United States sena-  
tors must have discovered a process  
of renewing their youth. Senator  
Stewart, of Nevada, at the age of 76,  
follows the example of Senator Platt,  
of New York, and takes a bride.

## OBITUARY

Mrs. Thomas H. Wilkinson.

One of the saddest deaths to be re-  
corded in East Liverpool in months  
occurred this morning at 11:30, when  
Mrs. Ortha Allen Wilkinson, wife of  
Thomas H. Wilkinson, passed away  
after an illness lasting but two short  
weeks. Mrs. Wilkinson leaves her  
husband and four small children to  
mourn the loss of a loving mother and  
a dutiful wife.

Barely two weeks ago the lady was  
attacked with measles, and though  
the case was a severe one, no appre-  
hension was felt until a few days  
ago when complications set in and she  
gradually grew worse. Her death was  
a severe shock to all of her friends,  
and the husband has the sympathy of  
the entire community. The family has  
resided on Holiday street, Oakland,  
for three years, having moved there  
from Empire.

Mrs. Wilkinson was 30 years old and  
the daughter of Rev. S. T. Allen, a  
Methodist Protestant minister of Mc-  
Connellsville, O., and was respected  
and esteemed for her loving disposi-  
tion and kindly ways. Four children  
were born to the union, Beulah, aged  
8 years and 6 months; Beryl, who is  
7; Dorman, past 4 years, and DeWitt,  
2 years old.

Services will be conducted at the  
home tomorrow afternoon at 2 o'clock,  
presided over by Rev. N. M. Crowe,  
pastor of the Second Presbyterian  
church. These ceremonies will be  
brief in order to permit the body to  
be taken to Empire, the former home  
of the family, on the afternoon train  
tomorrow. The regular funeral ser-  
vices will be conducted from the Meth-  
odist Protestant church there Thurs-  
day afternoon, with interment in the  
Toronto cemetery.

Frank Jordan.

Lisbon, October 27.—(Special.)—  
A dispatch received here this fore-  
noon announced the death of Frank  
Jordan, formerly of this city, which  
occurred at his home in Cleveland  
early this morning. Last night Mrs.  
Emily Jordan, having been previously  
notified of her son's illness, received  
word by telegraph that he had under-  
gone an operation for peritonitis, and  
that he was getting along nicely,  
which made the announcement of his  
death a severe shock to the family.

He was 32 years old, a son of the  
late Col. William J. Jordan, of Lis-  
bon, and was born and brought up in  
this city. For the last eight years  
he had been in the insurance broker-  
age business in Cleveland, where he  
married several years ago.

His wife and a small daughter sur-  
vive him. Besides his mother, who  
lives here, he is survived by three  
brothers and three sisters: Willis and  
Miss Marian, of Lisbon; Mrs. J.  
Wood, Bedford; Mrs. Frank L. Wells,  
Wellsville; James, Cincinnati, and  
Norval, Chicago.

Funeral services will be held at the  
late home in Cleveland at 2 o'clock  
Thursday, with burial in Lakeview  
cemetery.

## Death of an Infant.

The infant son of Mr. and Mrs. Wil-  
liam Moore, residing on Carolina ave-  
nue, Chester, died yesterday as the re-  
sult of spasms. The little one was  
only a few days old and has been ill  
since its birth. Mr. Moore is a mill  
worker and has the sympathy of his  
fellow craftsmen. No arrangements  
have been made for the funeral.

## AT THE THEATER

The Myrtle-Harder Stock company  
was greeted by a large house at the  
Grand last evening and gave a highly  
satisfactory performance. "The Silver  
Dagger," a stirring play, was pre-  
sented in excellent style, and clever spe-  
cialties were interspersed.

Latimore & Lee, in their wonderful  
magic box trick, is a wonderful feat  
and is worth the price of admission  
alone. Tonight the company will pre-  
sent "Alabama."

#### OBITUARY

Mrs. Thomas H. Wilkinson.

One of the saddest deaths to be recorded in East Liverpool in months occurred this morning at 11:30, when Mrs. Ortha Allen Wilkinson, wife of Thomas H. Wilkinson, passed away after an illness lasting but two short weeks. Mrs. Wilkinson leaves her husband and four small children to mourn the loss of a loving mother and a dutiful wife.

Barely two weeks ago the lady was attacked with measles, and though the case was a severe one, no apprehension was felt until a few days ago when complications set in and she gradually grew worse. Her death was a severe shock to all of her friends, and the husband has the sympathy of the entire community. The family has resided on Holiday street, Oakland, for three years, having moved there from Empire.

Mrs. Wilkinson was 30 years old and the daughter of Rev. S. T. Allen, a Methodist Protestant minister of McConnellsville, O., and was respected and esteemed for her loving disposition and kindly ways. Four children were born to the union, Beulah, aged 8 years and 6 months; Beryl, who is 7; Dorman, past 4 years, and DeWitt, 2 years old.

Services will be conducted at the home tomorrow afternoon at 2 o'clock, presided over by Rev. N. M. Crowe, pastor of the Second Presbyterian church. These ceremonies will be brief in order to permit the body to be taken to Empire, the former home of the family, on the afternoon train tomorrow. The regular funeral services will be conducted from the Methodist Protestant church there Thursday afternoon, with interment in the Toronto cemetery.

Frank Jordan.

Lisbon, October 27.—(Special).—A dispatch received here this forenoon announced the death of Frank Jordan, formerly of this city, which occurred at his home in Cleveland early this morning. Last night Mrs. Emily Jordan, having been previously notified of her son's illness, received word by telegraph that he had undergone an operation for peritonitis, and that he was getting along nicely, which made the announcement of his death a severe shock to the family.

He was 32 years old, a son of the late Col. William J. Jordan, of Lisbon, and was born and brought up in this city. For the last eight years he had been in the insurance brokerage business in Cleveland, where he married several years ago.

His wife and a small daughter survive him. Besides his mother, who lives here, he is survived by three brothers and three sisters: Willis and Miss Marian, of Lisbon; Mrs. J. Wood, Bedford; Mrs. Frank L. Wells, Wellsville; James, Cincinnati, and Norval, Chicago.

Funeral services will be held at the late home in Cleveland at 2 o'clock Thursday, with burial in Lakeview cemetery.

Death of an Infant.

The infant son of Mr. and Mrs. William Moore, residing on Carolina avenue, Chester, died yesterday as the result of spasms. The little one was only a few days old and has been ill since its birth. Mr. Moore is a mill worker and has the sympathy of his fellow craftsmen. No arrangements have been made for the funeral.

#### AT THE THEATER

The Myrtle-Harder Stock company was greeted by a large house at the Grand last evening and gave a highly satisfactory performance. "The Silver Dagger," a stirring play, was presented in excellent style, and clever specialties were interspersed.

Latimore & Lee, in their wonderful magic box trick, is a wonderful feat and is worth the price of admission alone. Tonight the company will present "Alabama."

Mandy Logan, a well known character in this section, who formerly resided here, but who has recently been living at Irondale, called on Mayor Fogo yesterday afternoon at a time when the Fitzgerald trial was progressing. She wanted to file complaint with the mayor against a man who, she claimed, had insulted her.

Chief Houser was the only man in the mayor's office at the time and he informed the woman that she would have to sit down and wait as the mayor was busy. Mandy had had a little too much liquor and remarked that she could stay in the warm office no longer and made a bee-line, by the zigzag route, for the hall. When she had gone as far as the top of the long flight of stairs she performed a circus act that has not been equalled in the city since "Beef" Davis tried to hang himself with his neck tie several months ago. She fell the full length of the stairs and landed at the bottom without a scar, only losing the heel of one of her shoes in the descent.

Chief Houser and a party of telephone girls witnessed the performance and pronounced it an unexcelled exhibition. Chief Houser thought it best to offer Mandy assistance and he at once picked her up and removed her to the city jail. She will be given a hearing today on a charge of being drunk and disorderly.

## SIMPLE REMEDY FOR CATARRH

Just Breathe Hyomei Four Times a  
Day And Be Cured.

If a few years ago some one had said you can cure catarrh by breathing air charged with a healing balsam, the idea would have been ridiculed and it remained for that eminent investigator, R. T. Booth, to discover in Hyomei this method of cure.

Hyomei has performed almost miraculous cures of catarrh and is today recognized by leading members of the medical profession as the only advertised remedy that can be relied upon to do just what it claims. The complete outfit of Hyomei costs but \$1.00 and consists of an inhaler, a medicine dropper and a bottle of Hyomei.

Breathe Hyomei through the inhaler for a few minutes four times a day and it will cure the worst case of catarrh. It soothes and heals the mucous membrane of the air passages, prevents irritation and effects a complete and lasting cure.

In East Liverpool there are scores of well known people who say they have been cured of catarrh by Hyomei. If it does not cure you Will Reed will return the money you paid for Hyomei. This is the strongest evidence that can be offered as to his faith in the remedy.

## Abused Wife Gets a Divorce.

Sallie Pearl Rouksley was granted a divorce at Steubenville Saturday afternoon from Ollie F. Rouksley, and the testimony of the wife and witnesses showed that she had suffered all the torments of the living since she was married to Rouksley. The couple lived in Wellsville until last April. It is said the husband gave his wife very little attention, except by beating and abusing her, and showered his love on Mattie Flowers. To get away from the Flowers girl, the wife induced her husband to move to Steubenville. He was not there long until he picked up with a Steubenville blonde. A Wellsville policeman who testified in the case said Rouksley was a Tartar.

## Chief Witness Absent.

Because of the non-appearance of Walter Chapman, the chief witness of the case against the defendant, Peter Curran, who is charged with selling intoxicating liquor to minors, was not given a hearing by Mayor Fogo at 7 o'clock last evening, the time set. It is alleged that Curran sold several glasses of beer to Chapman last week, with the result that Chapman became intoxicated and went to his home, where he raised a disturbance which brought about his arrest. Chapman is a minor.

## Violated His Parole.

Supt. J. A. Leonard, of the Ohio State reformatory at Mansfield, sent a card to Mayor Fogo yesterday, asking him to inform his police to be on the watch for one Frank Allen, aged 19, No. 1252, alias Frank J. Brown, alias Philo Emsden, who was received from Lawrence county on February 27, 1902, on a charge of burglary. ## JOHN L. STODDARD'S LECTURES

Are Full of Helpful Information.

And this information is of the most practical and helpful kind—the kind you can use. It will answer hundreds of questions that are constantly coming up in conversation. It will double the interest and benefit of your other reading whether of newspapers, magazines, or books, or it will explain thousands of allusions that otherwise you would have to guess at. The 35,000 facts, illumine, and these 4,000 pictures illustrate your whole library. If, for example, you are reading one of Scott's novels, the scenes of the story and its historical setting are described for you, and the same is true of almost any book you might name, whether poetry, history, travel, or fiction. Then, again, this work will help you not only to read, but also to talk, and this help is two-fold. In the first place it is bound to improve one's command of good English, and in the second place it gives us lots of able ideas and facts and rhetorical illustrations.

If you have any public writing or speaking you do in connection with your church work or club work nothing else could be so helpful; while in social life—at parties, receptions, dinners, and the like, isn't it true, that if we would be, or even seem to be, well informed, we must know something about the world we live in, its scenery, its buildings, its people, its institutions, its art, its history, and its present life, and that is just the information these "Lectures" give us. A man who has mastered what Mr. Stoddard tells us about Paris or Berlin won't feel ashamed to hear either of these cities mentioned in his presence. He knows, and he knows what he knows, as much about the subject under discussion as the other fellow and perhaps a good deal more. You do not have to study the books to get this information, you absorb it while being entertained.

The Crookery City court No. 111, Tribe of Ben Hur, celebrated its third anniversary with a delightful supper and entertainment in G. A. Miss Jessie Brown, of Wellsville, and the Lounds children, of East Liverpool, gave a most meritorious and pleasing cake walk and received liberal applause. Prof. McDonald, superintendent of the Wellsville schools, delivered a lively and interesting address on "Fraternalism." The professor is a member of a number of secret orders and knew his theme thoroughly.

The main feature of amusement was the pie eating contest between Everett Hinton and W. H. Green. The former won by a close margin. The social session closed with a banquet in which oysters, ice cream and cake were the edibles served.

HOOKSTOWN RIG  
IN WILD RUNAWAY

George Conkle, Thrown From a Vehicle, Narrowly Missed Being Instantly Killed.

A runaway occurred at the upper end of Chester at 5 o'clock last evening, and the fact that the driver was not killed is nothing short of a miracle. The occurrence was witnessed by a number of citizens, and as usual, no two of them are agreed as to just how the mishap occurred.

George Conkle, of the vicinity of Hookstown, after completing his shopping in Chester and East Liverpool yesterday, started home along Carolina avenue. The horse, usually very docile, became frightened at a street car and started to run. Mr. Conkle was so taken back that it was some time before he could realize that the animal was really running away. But the horse had the bit in its teeth and was sailing down the avenue at a high rate of speed. The driver did his best to check the speed, but to no avail. The outfit to which the horse was hitched was a light one and this fact made it easier for the runaway. The Hookstown man had absolutely no control of the frightened beast and it narrowly missed several vehicles going an opposite direction.

The horse would probably have been running yet had it not come in contact with a telephone pole near the entrance to Rock Springs park. No injury resulted to the horse, but the buggy was smashed to pieces. The right front wheel was completely demolished, and the driver was thrown violently to the pavement. He sustained a badly sprained ankle, and was considerably bruised about the body. The smashup brought the runaway to a standstill, and the frightened horse was captured.

Bystanders gathered the contents of the buggy together and after securing the horse, the remainder of Conkle's possessions were brought back to H. S. Plankinton's butcher shop at Sixth street and Carolina avenue, where they will remain. Conkle journeyed home bareback. He will be laid up for some time.

### Abused Wife Gets a Divorce.

Sallie Pearl Rouksley was granted a divorce at Steubenville Saturday afternoon from Ollie F. Rouksley, and the testimony of the wife and witnesses showed that she had suffered all the torments of the living since she was married to Rouksley. The couple lived in Wellsville until last April. It is said the husband gave his wife very little attention, except by beating and abusing her, and showered his love on Mattie Flowers. To get away from the Flowers girl, the wife induced her husband to move to Steubenville. He was not there long until he picked up with a Steubenville blonde. A Wellsville policeman who testified in the case said Rouksley was a Tartar.

### Chief Witness Absent.

Because of the non-appearance of Walter Chapman, the chief witness of the case against the defendant, Peter Curran, who is charged with selling intoxicating liquor to minors, was not given a hearing by Mayor Fogo at 7 o'clock last evening, the time set. It is alleged that Curran sold several glasses of beer to Chapman last week, with the result that Chapman became intoxicated and went to his home, where he raised a disturbance which brought about his arrest. Chapman is a minor.

### Violated His Parole.

Supt. J. A. Leonard, of the Ohio State reformatory at Mansfield, sent a card to Mayor Fogo yesterday, asking him to inform his police to be on the watch for one Frank Allen, aged 19, No. 1252, alias Frank J. Brown, alias Philo Emsden, who was received from Lawrence county on February 27, 1902, on a charge of burglary. Allen was paroled from the reformatory on September 29, 1903, and has violated his parole. A reward of \$25 is offered for his return.

### Ministers' Club Meeting.

The members of the Ohio Valley Ministers' club were very pleasantly entertained yesterday afternoon and evening at the home of Rev. L. F. Laverty, the pastor of the First Presbyterian church here. A number of clergymen from East Liverpool, Toronto, Steubenville, Mingo Junction and Brilliant were present. Dr. Reid, of Steubenville, and Rev. J. M. Potter, of Brilliant, each read interesting papers during the afternoon session.

## JOHN L. STODDARD'S LECTURES

Are Full of Helpful Information.

And this information is of the most practical and helpful kind—the kind you can use. It will answer hundreds of questions that are constantly coming up in conversation. It will double the interest and benefit of your other reading whether of newspapers, magazines, or books, or it will explain thousands of allusions that otherwise you would have to guess at. The 35,000 facts, illumine, and these 4,000 pictures illustrate your whole library. If, for example, you are reading one of Scott's novels, the scenes of the story and its historical setting are described for you, and the same is true of almost any book you might name, whether poetry, history, travel, or fiction. Then, again, this work will help you not only to read, but also to talk, and this help is two-fold. In the first place it is bound to improve one's command of good English, and in the second place it gives us lots of able ideas and facts and rhetorical illustrations.

If you have any public writing or speaking you do in connection with your church work or club work nothing else could be so helpful; while in social life—at parties, receptions, dinners, and the like, isn't it true, that if we would be, or even seem to be, well informed, we must know something about the world we live in, its scenery, its buildings, its people, its institutions, its art, its history, and its present life, and that is just the information these "Lectures" give us. A man who has mastered what Mr. Stoddard tells us about Paris or Berlin won't feel ashamed to hear either of these cities mentioned in his presence. He knows, and he knows what he knows, as much about the subject under discussion as the other fellow and perhaps a good deal more. You do not have to study the books to get this information, you absorb it while being entertained. 252-4

## THIRD ANNIVERSARY WAS CELEBRATED

Crockery City Tribe of Ben Hur Had a Good Time at Its Social And Banquet.

The Crockery City court No. 111, Tribe of Ben Hur, celebrated its third anniversary with a delightful supper and entertainment in G. A. R. hall last night, attended by a large number of members of the order from this city, Wellsville and the East End. The program consisted of songs and recitations. Miss Jessie Brown, of Wellsville, and the Lounds children, of East Liverpool, gave a most meritorious and pleasing cake walk and received liberal applause. Prof. McDonald, superintendent of the Wellsville schools, delivered a lively and interesting address on "Fraternalism." The professor is a member of a number of secret orders and knew his theme thoroughly.

The main feature of amusement was the pie eating contest between Everett Hinton and W. H. Green. The former won by a close margin. The social session closed with a banquet in which oysters, ice cream and cake were the edibles served.

### HOOKSTOWN RIG IN WILD RUNAWAY

George Conkle, Thrown From a Vehicle, Narrowly Missed Being Instantly Killed.

A runaway occurred at the upper end of Chester at 5 o'clock last evening, and the fact that the driver was not killed is nothing short of a miracle. The occurrence was witnessed by a number of citizens, and as usual, no two of them are agreed as to just how the mishap occurred.

George Conkle, of the vicinity of Hookstown, after completing his shopping in Chester and East Liverpool yesterday, started home along Carolina avenue. The horse, usually very docile, became frightened at a street car and started to run. Mr. Conkle was so taken back that it was some time before he could realize that the animal was really running away. But the horse had the bit in its teeth and was sailing down the avenue at a high rate of speed. The driver did his best to check the speed, but to no avail. The outfit to which the horse was hitched was a light one and this fact made it easier for the runaway. The Hookstown man had absolutely no control of the frightened beast and it narrowly missed several vehicles going in opposite direction.

The horse would probably have been running yet had it not come in contact with a telephone pole near the entrance to Rock Springs park. No injury resulted to the horse, but the buggy was smashed to pieces. The right front wheel was completely demolished, and the driver was thrown violently to the pavement. He sustained a badly sprained ankle, and was considerably bruised about the body. The smashup brought the runaway to a standstill, and the frightened horse was captured.

Bystanders gathered the contents of the buggy together and after securing the horse, the remainder of Conkle's possessions were brought back to H. S. Plankinton's butcher shop at Sixth street and Carolina avenue, where they will remain. Conkle journeyed home bareback. He will be laid up for some time.

# Consumption Must be Cured by Co-Operation

The Tuberculosis Congress Advocates United Action.

One of the most emphatic statements made at the late session of the American Tuberculosis Congress, held in New York, was that there are HALF A MILLION AMERICANS NOW SUFFERING FROM CONSUMPTION.

No less an authority than Dr. Henry D. Holt, who read the presidential address at the congress, stated that of the 500,000 Americans now suffering from the disease, 400,000 in the ordinary course of events, if the disease runs its terrible course with these 400,000, there must be another 400,000 to take their places in the pallid ranks of the greatest destroyer of mankind, who are now unconsciously awaiting their turn.

What a theme for co-operation, when it is positively stated that it requires the most rigid co-operation, not only to fight the disease already developed and working its ravages before the eyes of all people, but to prevent the appearance of a new army of consumptives!

Happily a great campaign of co-operation, a sincere crusade against the spread and even the existence of the disease, was already under way when this paper was read, and the fact was called to the attention of the world through another able paper presented to the American Tuberculosis Congress.

With a thorough knowledge of the case of Frederick Hammann, the first American patient sent to Professor Adolph Hoff in Vienna, an eminent medical expert, chosen because of his qualifications to write the paper, read a full report of the case to the American Tuberculosis Congress, which has been reprinted in Vol. 19, No. 2, of the Medical Legal Journal.

"It affords me considerable pleasure to present the case of Frederick Hammann to this Congress," he said, in introducing the case, "not only because this young man has been saved from an early grave, but as well to record that the same treatment which cured him is now the weapon of the greatest crusade of co-operation in the history of the warfare on consumption."

"This case holds out to the thousands of sufferers a ray of sunshine to dissipate the gloom. It presents A CURE to the great suffering mass of humanity."

While the cure of Frederick Hammann is now familiar in the history of medicine, because he was the first American cured after Professor Hoff had proved his claim in Europe, there are more remarkable cures in all the larger cities of America and in remote quarters, chronicled from week to week by the American Bureau of the Professor Hoff Cure, which are regarded as truly miraculous in their cures.

American Bureau, Bendler & Scholinger, Third Avenue and 10th Street, N. Y.

Dear Sir:—Please send me at once two bottles of Prof. Hoff's Cure for Consumption. I am not using all this medicine myself. Indeed, I only take the cure occasionally. I have been "passing it along" to those who need it. It is a wonderful cure.

A week ago Saturday my attention was called to a young man passing the house. He was looking pale, thin, and had a cough that was very distressing. He had been coughing for some time, and had lost a great deal of weight. I had him brought to my house, and gave him a part of my bottle. Last Saturday he stopped to have me order a bottle for him. "It's all right," he said, "I feel much better. I feel stronger. Look at my eyes," he said. "I feel much better. He and his friends had written all over their faces. I have two other patients who have taken a new lease of life."

American Bureau, Bendler & Scholinger, Third Avenue and 10th Street, N. Y.

Over three years ago it was suggested by my physicians and relatives and friends that I must die with consumption. A trip to California and every remedy I could buy seemed to do no good. Three times I have been so weak I could not leave the house without the aid of a cane.

When you announced Prof. Hoff's Cure for Consumption on sale, I at once sent for a bottle. That, I think, was the first order from this city. If you have any order on file, you will see I had no fault to find for a long time. I had no fault to find for a long time. I had no fault to find for a long time.

Well, I did. I began taking Hoff's on April 13th, 1901, and have not missed over a dozen doses to this date. It was very slow at first, and I was discouraged when I began to notice improvement. But about six weeks ago my physician pronounced my lungs 100 per cent. better than they were three years ago. That is pretty good. I would not be without the remedy if it cost two or three times as much as it does.

Friends who know what I am, have sent me for your address from Arizona, Kansas and Texas, to let friends of theirs try it.

Through my recommendation two leading drug stores here, I. Dunn & Co. and W. W. Morrison, now handle the remedy here, but all the local advertising it has had got from me. All the booklets and wrappers have been given away to people who wanted to know what kind of medicine I was taking. While, as I said before, I do not claim to be cured, I am able to make \$2.50 per day at my trade, typing, and I think that is pretty good for a dead, "con" splitter.

J. J. McLAUREN, 302 E. Front St., Bloomington, Ill.

N. B.—You can see above for advertising purposes if you desire—no part of it. I think Hoff's is the best remedy yet for Consumption, but like everything else, it must be used intelligently and given some assistance. It is no use to take a dose of medicine and then lay down and wait for it to take you out and set you upon your feet. Anything further I can do in the interest of the remedy and humanity, I will.

J. J. M.

There must be co-operation of the heartiest kind to work a great national result, and it is a great national result in the wiping out of the consumption scourge that is aimed at by Professor Hoff and the American Bureau of the Professor Hoff Cure.

Consumptives must not be regarded as marked people, to awaken a feeling of repulsion or fear. They must not regard themselves as stricken mortals who must drag themselves off the great highways of life to die in seclusion, where they must fight in the dark for a last few gasps of life.

Encouragement of the simplest kind is the first medicine that should be administered, according to the views of such eminent physicians as Dr. MacKenzie, of London; Professor Brouardet, of Paris, and all the noted doctors of America.

To cure consumption at home, Professor Hoff knew, was the only way by which a vast majority of the cases of consumption in the world might be reached. His prescription can be taken at home. To take it and to carry out the simple rules of diet and exercise does not necessarily require the attendance of a physician, and yet Professor Hoff and the American Bureau have been quick to realize that the warfare on consumption must have the hearty co-operation of the physician.

The Prof. Hoff Cure for Consumption is a HOME CURE. It is the loving care of home hands and the affectionate solicitude of home hearts which is the most valuable adjunct of the medicinal cure of consumption.

Tell the patient that he can be cured. It makes his cure much easier. Give him a big dose of encouragement. He is entitled to it, and a positive injustice is done him if he does not get it. In all truth he CAN be cured, and when this is a recognized fact by the most enlightened doctors on earth, what is to be said of the doctor who shrugs his shoulders and gives his patient up to die?

Co-operation between the patient, the physician, the friends of the consumptive and the American Bureau of the Hoff Cure will give unmeasured relief in every case, with that same chance for a cure that there is with any other disease.

Professor Hoff desires his cure to be in the hands of every sufferer. It is humanity's medicine. The prescription is compounded in accordance with Prof. Hoff's directions by the American Bureau at Third Avenue and 10th Street, New York. For the convenience of people remote from New York, the well and favorably known firm of Will Reed has been selected to supply the remedy at \$1.00 per bottle, which is exactly the price charged by the American Bureau.

The triangular trade mark of the American Bureau of Professor Hoff's Cure must be on the label, and this is the guarantee to the purchaser that it is the exact prescription used by Prof. Hoff at Vienna.

A 64-page book, containing complete descriptive treatise on the Professor Hoff Cure, and accurate reports of several hundred cases, is mailed free on application or may be obtained by calling at the well-known druggist's just named.

IMPORTANT.—Other Hoff cures not bearing this triangular trade mark are not the authentic preparation authorized by the American Bureau. You can obtain the genuine Hoff Cure at most drug stores. The great body of honorable druggists do not stoop to substitution by selling something "just as good" that means more profit to them. The genuine Hoff Cure can always be procured of the well-known druggists.

## POLITICAL CALL OF OLDEN TIMES

Circular Addressed to Whig Voters of This County 75 Years Ago.

### MOST INTERESTING RELIC

In the Possession of County Recorder White Dates Back to a Time When This County Cast Only 4,000 Votes.

Lisbon, October 27.—(Special).—

County Recorder Charles A. White is an enthusiastic collector of curios and has an interesting collection of rare old coins, script and documents of all kinds. Among the old documents in his possession is a statement to the voters of Columbiana county issued by the Whig voters in the county 75 years ago. It is signed by many of the honored names of early days in Columbiana county, and is as follows:

"To the friends of the administration in the county of Columbiana county.

"Fellow Citizens:—More than 4,000 votes were given at the late election; yet notwithstanding the greatness of the number compared with former elections, more than a thousand electors neglected to attend the polls. Of these the committee has every reason to believe a considerable majority are friendly to the present administration. They would therefore entreat them if they value their liberties; if they think the political institutions of their country worth preserving; if they ever trembled at the recital of blood and massacre amid the other horrors of revolution, to be up and doing—to linger not from the polls on the 31st day of this month, the date assigned by law for the election of electors of President and vice president.

"But a few days ago your opponents claimed this county as one of the strongest pillars of the political fabric which ambition, profligacy and deception had reared for the advancement of a man whose life has been marked with crime, and whose only claim to the presidency rests upon the victory of Orleans. The late election has proved the absurdity of their calculations, and shown that even here the spirit of liberty is a weight to freedom and that the minds of the majority are not fettered down to the cause of a military despot.

"Though the election of your long tried and faithful congressional representative has been defeated through the defection of the other counties of the district, you who attended the polls have the satisfaction to know you performed your duty on the day of election, and gave to all your candidates either respectable or overwhelming majorities. Your candidate for governor has a majority of 46 votes over the opposing candidate—your congressional candidate a majority of 165.

"In the vote for governor the strength of the parties was fairly tested. You, then, fellow citizens, constitute the majority. The power is in your hands so far as it depends upon this county. Then exercise it like free men. Let every one of you be active and vigilant. Remember, you have gained one triumph, and that if you persevere for a few days another more splendid awaits your exertions. Remember that the contest is not of ordinary character—that the free and industrious farmer and mechanic of Ohio have more at stake than the lordly and imperious masters of the Southern slaves—that upon the result of the presidential election depends the peace, the happiness and the welfare of our country.

"C. H. Orth, Jacob Crowl, David Beggs, Joshua Mallin, William Emery Russell, DeLorna Brooks, George Garretson, Horace Potter, William Griffith, Jacob Miller, G. Endly, D. Harbaugh, H. Green, Jacob Watson, Samuel Ruckman, Elderkin Potter, B. Wells Snodgrass, John W. Armstrong, W. Carey, Joseph Frederick, Martin Helman.

"October 20, 1828.

"N. B.—Please to send the day after the election of electors to Jacob Watson, sheriff, a correct amount of the vote given in your township. This is wished to be separate from the legal returns.

"Beware of spurious tickets."

Property in This County.

Lisbon, October 27.—(Special).—An authenticated copy of the will of John Duran, originally probated in Monroe county, N. Y., has been recorded here, on application of E. H. Riggs, of Wellsville. The testator devised all his property to his wife, Martha S. Duran, in the will, which was drawn in 1873 at Rochester, N. Y. Mr. Duran died at Avalon, Pa., in November, 1891, aged 72, leaving property in Columbiana county.

## REALM OF SPORTS

### STRONG DENIAL

Made By H. Homer Knowles—He Declares That He Will Not Run the Team.

H. Homer Knowles made the following statement last evening to the sporting editor of the News Review: "I wish you would say to the people, through your paper, that I am not contemplating going into the base ball business next year. The report has been in circulation that I am to manage the team here next year, and I do not want any one to be misled. I don't intend to mix in base ball at all and will most decidedly not have charge of any team."

Mr. Knowles further stated that although he would not be identified with a team as a manager, he would like to see a salaried team here next year and would favor it. He thinks that a team can not be run successfully in any other way.

FAST TROTTER HERE

C. A. Smith's Wood Girl Will Winter in East Liverpool.

Wood Girl, the beautiful and speedy mare belonging to C. A. Smith has been taken from the race track for the winter. She closed a most successful season and will be in elegant shape to clean up some money next year.

The mare was brought to the city on last Saturday and is being kept at Dr. McFarland's barn, where she will remain for the winter.

SPORTING MISCELLANY.

There will be no free list in the distribution of tickets for the Yale-Princeton and Yale-Harvard football games this year, even for the players and coaches.

A large portion of George W. Vanderbilt's vast estate in the wilds of North Carolina, known as Biltmore, is about to be converted into an exclusive hunting and fishing club.

George H. Ketcham, owner of Crescents (1:59), has suggested to C. K. Billings, owner of Lcu Dillon (1:58 1/2), that they breed two horses in the hope of producing a new world's champion.

Rev. Frank W. Gunsaulus, preaching in Central church Sunday, surprised his congregation by drawing a comparison between Lou Dillon and the family of Moses. He said it was training that made record breakers.

Wind shields will undoubtedly prove a bone of contention at the next meeting of the National Trotting association, and many prominent horsemen are of the opinion that the records made during the present season with the aid of the new speed accelerator, will not be accepted.

YEAR REQUIRED TO FINISH WORK

Pennsylvania Company Official Says Double Track Will Not Be in Use Very Soon.

A Pennsylvania company official is speaking of the double tracking of the C. & P. this morning said he did not think there would be much done this winter towards connecting up the new tracks, owing to the curtailment of operating expenses by the Pennsylvania company. He further averred that the new track would probably cost five times the amount of that of the old roadbed, from the fact that materials for construction were higher, labor was better paid, and the grading, widening of stone bridges and building of retaining walls along many portions of the line was accompanied by an even larger expenditure.

He stated it would probably be another year before the new track was completed along the river division, to say nothing about that of the main line, work upon which is still being pushed as rapidly as possible.

FEARFUL OF ARREST HE TOOK HIS LIFE

Trumbull County Farmer Committed Suicide After an Accident on the Road.

Warren, October 27.—A. W. Carey, a well known farmer of Vienna township, Trumbull county, committed suicide by shooting himself last night through the head. Carey had been to Niles and on the way home had accidentally run into another rig. He went home and went to bed and later when some one called to see him he fired a bullet into his brain.

Carey was about 28 years old and well and favorably known. The only reason that is given for the act was fear of arrest for the accident.

Harry Malpas, a printer at the E. M. Knowles pottery, has left for England, on account of the serious illness of his sister there.

Miss Whittaker, a prominent club woman of Savannah, Ga., tells how she was entirely cured of ovarian troubles by the use of Lydia E. Pinkham's Vegetable Compound.

DEAR MRS. PINKHAM:—I heartily recommend Lydia E. Pinkham's Vegetable Compound as a Uterine Tonic and Regulator. I suffered for four years with irregularities and Uterine troubles. No one but those who have experienced this dreadful agony can form any idea of the physical and mental misery those endure who are thus afflicted. Your Vegetable Compound cured me within three months. I was fully restored to health and strength, and now my periods are regular and painless. What a blessing it is to be able to obtain such a remedy when so many doctors fail to help you. Lydia E. Pinkham's Vegetable Compound is better than any doctor or medicine I ever had. Very truly yours, Miss EASY WHITTAKER, 604 3rd St., Savannah, Ga.

\$5000 forfeit (if original above letter proving genuineness cannot be produced).

The testimonial which we are constantly publishing from grateful women prove beyond a doubt the power of Lydia E. Pinkham's Vegetable Compound to conquer female diseases.

NEW AMSTERDAM A PROSPEROUS TOWN

Coal Business Booming That Section of Jefferson County—Building Is Lively.

New Amsterdam, October 27.—(Special Correspondence).—New Amsterdam is one of the lively little coal towns bordering on the Lake Erie, Alliance & Wheeling railway. Coal development has brought in its wake a great prosperity. The town is located 21 miles from Steubenville at the extreme western portion of Jefferson county. The Ohio & Pennsylvania Coal company and Eastern Ohio Coal company have developed the coal of this section. These two companies are employing 250 miners, but it is stated will employ as many more as soon as the companies can provide houses for them.

James Cunningham, a prominent banker, was married a few days ago to a prepossessing Amsterdam lady, and received the well wishes of a host of friends.

A recent fire consumed property to the amount of \$1,500 at the Hight's coal mine. It is supposed to be a case of incendiarism. The miners lent every aid possible to extinguish the flames and succeeded in saving the property from total loss.

The building boom has been steadily increasing during this year. Ten new dwellings are now in course of construction. The town is now on the eve of incorporating, and oil drilling and production are yet lively features of business prosperity.

## FIRE STATION NEEDS REPAIRS

Continued from First Page.

on which it rests cost \$600. To perfectly equip it will cost upwards of \$2,000, and it is said a figure less than \$4,000 will not cover it. However, it is conceded by every one that the money will be well spent, and the board of public safety will have the great majority of the people behind it in any movement to better the fire protection facilities in that district of the city.

Chief Morley showed the committee why the location selected by council is a most valuable one. It is almost on the crest of the highest point on the hill and from the station the fire department will have no trouble in the least in reaching any spot where fire might break out on the hilltops surrounding. It was once thought that the station should have been erected further down the hill, but Chief Morley states that had that been done the fire company would have encountered considerable trouble in climbing the hills. The chief also thinks that the water pressure on the hill adequate for the protection of property. He says it will force the water over any building on the hill.

The building is of brick and is divided into four apartments. The greater part of the first floor is to be occupied as a room for the wagon, hose cart and other such paraphernalia. At the rear there is partitioned off a place to be used as a stable. This part was all designed by Chief Morley, and there are many features that will assist materially in adding to the convenience of the firemen. The upstairs is divided into a sleeping room and a hay loft. Both are spacious and will meet the demands in every particular.

## IN OLD AGE

the question of health becomes mainly a question of nutrition. If the stomach and other organs of digestion and nutrition are kept in a healthy condition, there will be a well-nourished body, and little liability to disorders of the bowels or such other disorders as may result from malnutrition and lack of exercise.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition, and also diseases of other organs which are caused by the diseased condition of the stomach. By enabling the perfect nutrition of the body it increases the vital power and promotes a vigorous old age.

"I was a sufferer from chronic diarrhea for five years," writes Mrs. Mary A. Aaron, of Bala, Pa. "I tried different remedies, which would give me relief for a short time only. My trouble would return as bad as ever. I consulted you in July, 1900, and by your advice I commenced using Dr. Pierce's Golden Medical Discovery. I took two bottles of the 'Golden Medical Discovery' and some of the 'Pellies,' and some of the 'Extract of Smart-Weed,' as you advised. I have not had any return of my trouble since using your medicines. Am now seventy-one years old and I never had

## Consumption Must be Cured by Co-Operation

The Tuberculosis Congress Advocates United Action.

One of the most emphatic statements made at the late session of the American Tuberculosis Congress, held in New York, was that there are HALF A MILLION AMERICANS NOW SUFFERING FROM CONSUMPTION.

No less an authority than Dr. Henry D. Holt, who read the presidential address at the congress, stated that of the 500,000 Americans now suffering from the disease, 400,000 in the ordinary course of events would die.

And also in the ordinary course of events, if the disease runs its terrible course with these 400,000, there must be another 400,000 to take their places in the pallid ranks of the greatest destroyer of mankind, who are now unconsciously awaiting their turn.

What a theme for co-operation, when it is positively stated that it requires the most rigid co-operation, not only to fight the disease already developed and working its ravages before the eyes of all people, but to prevent the appearance of a new army of consumptives!

Happily a great campaign of co-operation, a sincere crusade against the spread and even the existence of the disease, was already under way when this paper was read, and the fact was called to the attention of the world through another able paper presented to the American Tuberculosis Congress.

With a thorough knowledge of the case of Frederick Hammann, the first American test patient sent to Professor Adolph Hoff in Vienna, an eminent medical expert, chosen because of his qualifications to write the paper, read a full report of the case to the American Tuberculosis Congress, which has been reprinted in Vol. 19, No. 2, of the Medical Legal Journal.

It affords me considerable pleasure to present the case of Frederick Hammann to this Congress," he said, in introducing the case, "not only because this young man has been saved from an early grave, but as well to record that the same treatment which cured him is now the weapon of the greatest crusade of co-operation in the history of the warfare on consumption.

"This case holds out to the thousands of sufferers a ray of sunshine to dissipate the gloom. It presents A CURE to the great suffering mass of humanity."

While the cure of Frederick Hammann is now familiar in the history of medicine, because he was the first American cured after Professor Hoff had proved his claim in Europe, there are more remarkable cures in all the larger cities of America and in remote quarters, chronicled from week to week by the American Bureau of the Professor Hoff Cure, which are regarded as truly miraculous in their communities.

American Bureau, Bondler & Schlesinger, Third Avenue and 10th Street, N. Y.: Dear Sirs:—Please send me one two bottles of Prof. Hoff's Cure for Consumption. I am not using all this medicine myself. Indeed, I only take the cure occasionally. I have been "passing it along" to those who need it. It is a wonderful cure. A week ago Saturday my attention was called to a young man passing the house. He was looking pale, hollow eyed, coughed, and had grown so weak that during the day he would fall asleep at his work, exhausted. His friends and himself were "blue." I told him of what the medicine had done for me and gave him a part of my bottle. Last Saturday he stopped to have me order a bottle for him. "It's all right," he said, "I only cough twice or three times a day. I feel stronger; look at my eyes," he said. He did look better. He and his friends had written all over their faces. I have two other patients who have taken a new lease of life.

Over three years ago it was suggested by my physicians and relatives and friends that I must die with consumption. A trip to California and every remedy I could buy seemed to do no good. Three times I have been so weak I could not leave the house without the aid of a cane. When you announced Prof. Hoff's Cure for Consumption on sale, I at once sent for a bottle. That I think was the first order from this city. If you have my order on file, you will see I said I had no faith in it for a long time. But I would give it a trial. Well, I did. I began taking Hoff's Cure April 15th, 1901, and have not missed over a dozen doses to this date. It was very slow at first, and I was almost discouraged when I began to notice improvement, and about six weeks no physician pronounced me any longer 100 per cent. better than they were three years ago. That is pretty good. I would not be without the remedy if it cost two or three times as much as it does.

Friends who know what I was and what I am, have sent me for your address from Arizona, Kansas and Texas. I feel proud of their letters. Through my recommendation two leading drug stores here, I. Dunn & Co. and W. W. Morrison, now handle the remedy here, but all the local advertising it had got from me. All the booklets and wrappers I have had have been given away to people who wanted to know what kind of medicine I was taking. While, as I said before, I do not claim to be a dead "iron" snifter, I am able to make \$2.50 per day at my trade, typewriting, and I think that is pretty good for a dead "iron" snifter.

N. B.—You can use above for advertising purposes if you desire—all or part of it. I think Hoff's is the best remedy yet on the market for Consumption, but like everything else, it must be used intelligently and given some assistance. It is not to take a dose of medicine and then lay down and wait for it to take you out and set you upon your feet. Anything further I can do in the interest of the remedy and humanity, I will.

There must be co-operation of the heartiest kind to work a great national result, and it is a great national result in the wiping out of the consumption scourge that is aimed at by Professor Hoff and the American Bureau of the Professor Hoff Cure.

Consumptives must not be regarded as marked people, to awaken a feeling of repulsion or fear. They must not regard themselves as stricken mortals who must drag themselves off the great highways of life to die in seclusion, where they must fight in the dark for a last few gasps of life.

Encouragement of the simplest kind is the first medicine that should be administered, according to the views of such eminent physicians as Dr. MacKenzie, of London; Professor Brouardet, of Paris, and all the noted doctors of America.

To cure consumption at home, Professor Hoff knew, was the only way by which a vast majority of the cases of consumption in the world might be reached. His prescription can be taken at home. To take it and to carry out the simple rules of diet and exercise does not necessarily require the attendance of a physician, and yet Professor Hoff and the American Bureau have been quick to realize that the warfare on consumption must have the hearty co-operation of the physician.

The Prof. Hoff Cure for Consumption is a HOME CURE. It is the loving care of home hands and the affectionate solicitude of home hearts which is the most valuable adjunct of the medicinal cure of consumption. Tell the patient that he can be cured. It makes his cure much easier. Give him a big dose of encouragement. He is entitled to it, and a positive injustice is done him if he does not get it. In all truth he CAN be cured, and when this is a recognized fact by the most enlightened doctors on earth, what is to be said of the doctor who shrugs his shoulders and gives his patient up to die?

Co-operation between the patient, the physician, the friends of the consumptive and the American Bureau of the Hoff Cure will give unmeasured relief in every case, with that same chance for a cure that there is with any other disease.

Professor Hoff desires his cure to be in the hands of every sufferer. It is humanity's medicine. The prescription is compounded in accordance with Prof. Hoff's directions by the American Bureau at Third Avenue and 10th Street, New York. For the convenience of people remote from New York, the well and favorably known firm of Will Reed has been selected to supply the remedy at \$1.00 per bottle, which is exactly the price charged by the American Bureau.

The triangular trade mark of the American Bureau of Professor Hoff's Cure must be on the label, and this is the guarantee to the purchaser that it is the exact prescription used by Prof. Hoff at Vienna.

A 64-page book, containing complete descriptive treatise on the Professor Hoff Cure, and accurate reports of several hundred cases, is mailed free on application or may be obtained by calling at the well-known druggist's just named.

IMPORTANT.—Other Hoff cures not bearing this triangular trade mark are not the authentic preparation authorized by the American Bureau. You can obtain the genuine Hoff Cure at most drug stores. The great body of honorable druggists do not stoop to substitution by selling something "just as good" that means more profit to them. The genuine Hoff Cure can always be procured of the well-known druggists.

## POLITICAL CALL OF OLDEN TIMES

Circular Addressed to Whig Voters of This County 75 Years Ago.

### MOST INTERESTING RELIC

In the Possession of County Recorder White Dates Back to a Time When This County Cast Only 4,000 Votes.

Lisbon, October 27.—(Special).—County Recorder Charles A. White is an enthusiastic collector of curios and has an interesting collection of rare old coins, script and documents of all kinds. Among the old documents in his possession is a statement to the voters of Columbiana county issued by the Whig voters in the county 75 years ago. It is signed by many of the honored names of early days in Columbiana county, and is as follows:

"To the friends of the administration in the county of Columbiana county. 'Fellow Citizens:—More than 4,000 votes were given at the late election; yet notwithstanding the greatness of the number compared with former elections, more than a thousand electors neglected to attend the polls. Of these the committee has every reason to believe a considerable majority are friendly to the present administration. They would therefore entreat them if they value their liberties; if they think the political institutions of their country worth preserving; if they ever trembled at the recital of blood and massacre amid the other horrors of revolution, to be up and doing—to linger not from the polls on the 31st day of this month, the date assigned by law for the election of electors of president and vice president."

"But a few days ago your opponents claimed this county as one of the strongest pillars of the political fabric which ambition, profligacy and deception had reared for the advancement of a man whose life has been marked with crime, and whose only claim to the presidency rests upon the victory of Orleans. The late election has proved the absurdity of their calculations, and shown that even here the spirit of liberty is a weight to freedom and that the minds of the majority are not fettered down to the cause of a military despot."

"Though the election of your long tried and faithful congressional representative has been defeated through the defection of the other counties of the district, you who attended the polls have the satisfaction to know you performed your duty on the day of election, and gave to all your candidates either respectable or overwhelming majorities. Your candidate for governor has a majority of 46 votes over the opposing candidate—your congressional candidate a majority of 465."

"In the vote for governor the strength of the parties was fairly tested. You, then, fellow citizens, constitute the majority. The power is in your hands so far as it depends upon this county. Then exercise it like free men. Let every one of you be active and vigilant. Remember, you have gained one triumph, and that if you persevere for a few days another more splendid awaits your exertions. Remember that the contest is not of ordinary character—that the free and industrious farmer and mechanic of Ohio have more at stake than the lordly and imperious masters of the Southern slaves—that upon the result of the presidential election depends the peace, the happiness and the welfare of our country."

"C. H. Orth, Jacob Crowl, David Beggs, Joshua Mallin, Wiolam Emery Russell, DeLorna Brooks, George Garretson, Horace Potter, William Griffith, Jacob Miller, G. Endly, D. Harbaugh, H. Green, Jacob Watson, Samuel Ruckman, Elderkin Potter, B. Wells Snodgrass, John W. Armstrong, W. Carey, Joseph Frederick, Martin Helman.

"October 20, 1828.

"N. B.—Please to send the day after the election of electors to Jacob Watson, sheriff, a correct amount of the vote given in your township. This is wished to be separate from the legal returns.

"Beware of spurious tickets."

Property in This County.

Lisbon, October 27.—(Special).—An authenticated copy of the will of John Duran, originally probated in Monroe county, N. Y., has been recorded here, on application of E. H. Riggs, of Wellsville. The testator devised all his property to his wife, Martha S. Duran, in the will, which was drawn in 1873 at Rochester, N. Y. Mr. Duran died at Avalon, Pa., in November, 1891, aged 72, leaving property in Columbiana county.

## REALM OF SPORTS

### STRONG DENIAL

Made By H. Homer Knowles—He Declares That He Will Not Run the Team.

H. Homer Knowles made the following statement last evening to the sporting editor of the News Review: "I wish you would say to the people, through your paper, that I am not contemplating going into the base ball business next year. The report has been in circulation that I am to manage the team here next year, and I do not want any one to be misled. I don't intend to mix in base ball at all and will most decidedly not have charge of any team."

Mr. Knowles further stated that although he would not be identified with a team as a manager, he would like to see a salaried team here next year and would favor it. He thinks that a team can not be run successfully in any other way.

### FAST TROTTER HERE

C. A. Smith's Wood Girl Will Winter in East Liverpool.

Wood Girl, the beautiful and speedy mare belonging to C. A. Smith has been taken from the race track for the winter. She closed a most successful season and will be in elegant shape to clean up some money next year.

The mare was brought to the city on last Saturday and is being kept at Dr. McFarland's barn, where she will remain for the winter.

### SPORTING MISCELLANY.

There will be no free list in the distribution of tickets for the Yale-Princeton and Yale-Harvard football games this year, even for the players and coaches.

A large portion of George W. Vanderbilt's vast estate in the wilds of North Carolina, known as Biltmore, is about to be converted into an exclusive hunting and fishing club.

George H. Ketcham, owner of Crescent (1:59 1/2), has suggested to C. K. Billings, owner of Lou Dillon (1:58 1/2), that they breed two horses in the hope of producing a new world's champion.

Rev. Frank W. Gunsaulus, preaching in Central church Sunday, surprised his congregation by drawing a comparison between Lou Dillon and the family of Moses. He said it was training that made record breakers.

Wind shields will undoubtedly prove a bone of contention at the next meeting of the National Trotting association, and many prominent horsemen are of the opinion that the records made during the present season with the aid of the new speed accelerator, will not be accepted.

### YEAR REQUIRED TO FINISH WORK

Pennsylvania Company Official Says Double Track Will Not Be in Use Very Soon.

A Pennsylvania company official in speaking of the double tracking of the C. & P. this morning said he did not think there would be much done this winter towards connecting up the new tracks, owing to the curtailment of operating expenses by the Pennsylvania company. He further averred that the new track would probably cost five times the amount of that of the old roadbed, from the fact that materials for construction were higher, labor was better paid, and the grading, widening of stone bridges and building of retaining walls along many portions of the line was accompanied by an even larger expenditure.

He stated it would probably be another year before the new track was completed along the river division, to say nothing about that of the main line, work upon which is still being pushed as rapidly as possible.

### FEARFUL OF ARREST HE TOOK HIS LIFE

Trumbull County Farmer Committed Suicide After an Accident on the Road.

Warren, October 27.—A. W. Carey, a well known farmer of Vienna township, Trumbull county, committed suicide by shooting himself last night through the head. Carey had been to Niles and on the way home had accidentally run into another rig. He went home and went to bed and later when some one called to see him he fired a bullet into his brain.

Carey was about 28 years old and well and favorably known. The only reason that is given for the act was fear of arrest for the accident.

Harry Malpas, a printer at the E. M. Knowles pottery, has left for England, on account of the serious illness of his sister there.

Miss Whittaker, a prominent club woman of Savannah, Ga., tells how she was entirely cured of ovarian troubles by the use of Lydia E. Pinkham's Vegetable Compound.

DEAR MRS. PINKHAM:—I heartily recommend Lydia E. Pinkham's Vegetable Compound as a Uterine Tonic and Regulator. I suffered for four years with irregularities and Uterine troubles. No one but those who have experienced this dreadful agony can form any idea of the physical and mental misery those endure who are thus afflicted. Your Vegetable Compound cured me within three months. I was fully restored to health and strength, and now my periods are regular and painless. What a blessing it is to be able to obtain such a remedy when so many doctors fail to help you. Lydia E. Pinkham's Vegetable Compound is better than any doctor or medicine I ever had. Very truly yours, Miss EASY WHITTAKER, 604 39th St., W. Savannah, Ga. —\$5000 forfeit if original of above letter proving genuineness cannot be produced. The testimonials which we are constantly publishing from grateful women prove beyond a doubt the power of Lydia E. Pinkham's Vegetable Compound to conquer female diseases.

### NEW AMSTERDAM A PROSPEROUS TOWN

Coal Business Booming That Section of Jefferson County—Building Is Lively.

New Amsterdam, October 27.—(Special Correspondence).—New Amsterdam is one of the lively little coal towns bordering on the Lake Erie, Alliance & Wheeling railway. Coal development has brought in its wake a great prosperity. The town is located 21 miles from Steubenville at the extreme western portion of Jefferson county. The Ohio & Pennsylvania Coal company and Eastern Ohio Coal company have developed the coal of this section. These two companies are employing 250 miners, but it is stated will employ as many more as soon as the companies can provide houses for them.

James Cunningham, a prominent banker, was married a few days ago to a prepossessing Amsterdam lady, and received the well wishes of a host of friends.

A recent fire consumed property to the amount of \$1,500 at the High's coal mine. It is supposed to be a case of incendiarism. The miners lent every aid possible to extinguish the flames and succeeded in saving the property from total loss.

The building boom has been steadily increasing during this year. Ten new dwellings are now in course of construction. The town is now on the eve of incorporating, and oil drilling and production are yet lively features of business prosperity.

### FIRE STATION NEEDS REPAIRS

Continued from First Page.

on which it rests cost \$600. To perfectly equip it will cost upwards of \$2,000, and it is said a figure less than \$4,000 will not cover it. However, it is conceded by every one that the money will be well spent, and the board of public safety will have the great majority of the people behind it in any movement to better the fire protection facilities in that district of the city.

Chief Morley showed the committee why the location selected by council is a most valuable one. It is almost on the crest of the highest point on the hill and from the station the fire department will have no trouble in the least in reaching any spot where fire might break out on the hilltops surrounding. It was once thought that the station should have been erected further down the hill, but Chief Morley states that had that been done the fire company would have encountered considerable trouble in climbing the hills. The chief also thinks that the water pressure on the hill adequate for the protection of property. He says it will force the water over any building on the hill.

The building is of brick and is divided into four apartments. The greater part of the first floor is to be occupied as a room for the wagon, hose cart and other such paraphernalia. At the rear there is partitioned off a place to be used as a stable. This part was all designed by Chief Morley, and there are many features that will assist materially in adding to the convenience of the firemen. The upstairs is divided into a sleeping room and a hay loft. Both are spacious and will meet the demands in every particular.

### We trust doctors.

They trust Ayer's Cherry Pectoral for coughs.

Pure, rich blood means health and strength—thin, impure blood makes paleness, anemia, weakness, nervousness and disease.

One reason why Hagee's Cordial (with Hypophosphites of Lime and Soda) does so much good, in cases of nervousness, sleeplessness, indigestion, mal-assimilation, rheumatism, skin diseases, blotches and weakened conditions, is that it purifies and enriches the blood—feeding impoverished nerves, strengthening every organ and building good, sound flesh.

Hagee's Cordial contains all the good of cod liver oil. It is a thin, fluid cordial, pleasant to taste and smell.

### IN OLD AGE

the question of health becomes mainly a question of nutrition. If the stomach and other organs of digestion and nutrition are kept in a healthy condition there will be a well-nourished body, and little liability to disorders of the liver, bowels or such other disorders as may result from in-nutrition and lack of exercise.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition, and also diseases of other organs which are caused by the diseased condition of the stomach. By enabling the

perfect nutrition of the body it increases the vital power and promotes a vigorous old age.

"I was a sufferer from chronic diarrhea for five years," writes Mrs. Mary A. Aaron of Rolla, Phelps Co., Mo. "I tried different remedies, which would give me relief for a short time only. My trouble would return as bad as ever. I consulted you in July, 1900, and by your advice commenced using Dr. Pierce's remedies. I took three vials of the 'Pellets,' and some of the 'Extract of Smart-Weed,' as you advised. I have not had any return of my trouble since. I am now a healthy woman, and I never had anything to relieve me so quick. I think Dr. Pierce's medicines are the greatest on earth. Should I ever have any return of my trouble shall use your medicines. My thanks to you for your advice and the way to Almighty God for restoring me to health through your hands."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood and lungs.

## IN A BAD WAY WERE FOUR MEN

VERY DRUNKEN QUARTET IS  
LODGED AT CITY HALL.

One Was Arrested Twice, the First  
Time While Asleep on  
the Railroad.

Central police station last night harbored a quartet of about the drunkest men that have been taken into the cells in months. All of the inebriates were old enough to know better, too. They were not very bad customers, however, and all escaped with the usual assessment, \$2 and costs.

W. J. Davis was arrested twice. He says his home is in Pittsburg and that he has practiced medicine. The first time he was taken into custody was by Chief Wyman, who found him lying on the railroad track, near the freight station, fast asleep. To a charge of drunkenness he pleaded guilty shortly before 6 and was released upon his promise to get out of the city. In less than an hour after his release he was found by Officer McDermott. This time he was lying on the pavement on Second street, with a face looking as if it had been used for a punching bag. It was all covered with gore and the skin off in many places. Davis was taken to the jail and Dr. Ogden was summoned. Davis paid another fine this morning and left for his home.

Lying in a drunken stupor on East Market street, with a score of people witnessing his deplorable plight, Julius Blythe, an aged soldier, was arrested late yesterday afternoon by Officer Woods. He was absolutely helpless. He had no money this morning and the mayor imposed the fine just as a matter of form.

M. L. Marquis had more than he could carry when he met Constable Copstick, who took charge of him. The prisoner was released upon the payment of his fine. Harvey Jackson also paid for his foolishness. He was arrested by Officer Mahoney.

The opening will occur December 15, and the fair will continue December 16, 17 and 18.

## BRIGHTS DISEASE AND DIABETES NEWS

Office Wine and Spirit Review, San Francisco, October 21.

To the Editor of the News Review:  
Dear Sir—The business men of this city who are now proclaiming to the world the discovery of the cure for Bright's Disease and Diabetes, have asked me as one of the beneficiaries to write to some of my brother editors. Hence this letter to you. I was at first as skeptical as anyone. I had reason to be; I had a clear case of chronic Bright's Disease; was ill for a year. It was not thought I would live 30 days. The president of the Pacific States Type Foundry told my wife that the newly-discovered diuretic would save my life, and against my private convictions I was put on it. In six months my recovery was complete.

A friend of mine, Dr. A. J. Howe, a prominent physician, was nearly dead with Bright's Disease. On my recovery I told him and it acted the same in his case and he is now well on the road to recovery. I told one of the writers on the Call, whose mother had diabetes. She has fully recovered. As a brother editor I personally assure you of the truth of the discovery. Thousands of lives are to be saved and I am writing in the hope that this letter will start some of them right.

Fraternally yours,

R. M. WOOD, Editor.

## BACK GIVES OUT

Plenty of East Liverpool Readers  
Have This Experience.

You tax the kidneys, overwork them. They can't keep up the continued strain.

The back gives out—it aches and pains. Urinary troubles set in. Don't wait longer—take Doan's Kidney Pills.

East Liverpool people tell you how they act. Mr. William Anderson, of 305 Lisbon street, says: "During the civil war I enlisted and served three years in the Forty-second Infantry. From the exposure during the war I attribute the severe aching and weakness in the loins and muscular rheumatism of recent years which all seemed to center in my kidneys. In the morning when first getting up I was very dizzy until I had moved around for a time and my nervous system became affected, causing fluttering and fullness around the heart. Seeing an advertisement in the paper I got Doan's Kidney Pills at the W. & W. Pharmacy and took them. A few doses gave me relief. The improvement was gradual and continued as the medicine got thoroughly into my system. I firmly believe that Doan's Kidney Pills will in every case as they did in mine, prove the justness of the claims made for them."

For sale by all dealers. Price, 50 cents a box. Foster-Milburn company, Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no other.

Sold by W. & W. Pharmacy.

Gentlemen's Watch Contestants—P. J. Davin, Wheeling Junction; J. A. Flood, Chester.

Combination tickets, numbered, containing 10 different household articles to be raffled off during the fair. Ten of the tickets sold will draw the articles numbered thereon.

A St. Louis exposition ticket will be raffled off during the fair. The person winning the lucky number will be given two railroad tickets free of cost, to St. Louis and return during the exposition.

The ladies' committee consists of Mrs. Conkle, Mrs. Webster, Mrs. Lannan, Mrs. Plankinton, Mrs. Saling, Mrs. Horrigan and Misses Smith and Flood.

The ladies have full charge of the solicitation of articles from those who are in sympathy with the church cause in making the fair a success. These ladies will also be in charge of the different booths and tables during the fair. Everything is in shape so that when the fair opens it will be handled in a successful way.

The ladies have been more than successful in soliciting from the business people, as well as the private families in Chester, Wellsville and East Liverpool.

The two watch contests promise to be hard fought by the four different contestants, as each one of them is quite popular and have many personal friends and acquaintances who will do their utmost to have their favorite win one of the contests.

During the fair a small admission fee will be charged at the entrance to Rock Springs pavilion, where the fair is to be held. Children under 12 years of age will be admitted free.

## A CHANCE FOR BOYS TO GET A FINE PRIZE

The News Review has an announcement to make that will interest  
the boys. Until November 16, it will present to any boy who secures  
10 new subscribers to the News Review for three months, an American  
Varsity pig skin foot ball, which sells for \$2.50. It is the standard  
foot ball. A specimen is on exhibition at the News Review office.  
Any lively and energetic boy can pick up 10 subscribers to East Liv-  
erpool's best paper in a few hours. Now is the chance to do so and get  
a prize that any lad with a drop of sporting blood in his veins will ap-  
preciate. Call at the office for blanks and particulars. In the city,  
the loss will be large.

## IN A BAD WAY WERE FOUR MEN

VERY DRUNKEN QUARTET IS  
LODGED AT CITY HALL.

One Was Arrested Twice, the First  
Time While Asleep on  
the Railroad.

Central police station last night harbored a quartet of about the drunkest men that have been taken into the cells in months. All of the inebriates were old enough to know better, too. They were not very bad customers, however, and all escaped with the usual assessment, \$2 and costs.

W. J. Davis was arrested twice. He says his home is in Pittsburgh and that he has practiced medicine. The first time he was taken into custody was by Chief Wyman, who found him lying on the railroad track, near the freight station, fast asleep. To a charge of drunkenness he pleaded guilty shortly before 5 and was released upon his promise to get out of the city. In less than an hour after his release he was found by Officer McDermott. This time he was lying on the pavement on Second street, with a face looking as if it had been used for a punching bag. It was all covered with gore and the skin off in many places. Davis was taken to the jail and Dr. Ogden was summoned. Davis paid another fine this morning and left for his home.

Lying in a drunken stupor on East Market street, with a score of people witnessing his deplorable plight, Julius Blythe, an aged soldier, was arrested late yesterday afternoon by Officer Woods. He was absolutely helpless. He had no money this morning and the mayor imposed the fine just as a matter of form.

M. L. Marquis had more than he could carry when he met Constable Copestick, who took charge of him. The prisoner was released upon the payment of his fine. Harvey Jackson also paid for his foolishness. He was arrested by Officer Mahoney.

## COMING BIG FAIR

Arrangements for the Benefit of the  
Sacred Heart Church of  
Chester.

The News Review is in position to announce that the positive date has been decided upon for the fair to be held by the members of the Sacred Heart Roman Catholic church, and the affair promises to be among the best and most enjoyable ever conducted in Chester. The opening will occur December 15, and the fair will continue December 16, 17 and 18.

Preparations have been started early and everything is now in good working order. The congregation is not a large one, but it is doubtful if there is a more enthusiastic flock in this section of the state. Since Father M. J. Sauer was placed in charge of the congregation it has prospered beyond the fondest expectations of its members, and the mid-winter fair will be a crowning feature to a most successful year. Competent committees have been appointed and are as follows:

General Committee of Arrangements—J. A. Flood, F. C. King, John J. Lillis, C. Nick Muessig, C. T. Horri-

gan.

Ladies' Watch Contestants—Miss Kathryn Kelly, New Cumberland; Miss Minnie Green, Chester.

Gentlemen's Watch Contestants—P. J. Davin, Wheeling Junction; J. A. Flood, Chester.

Combination tickets, numbered, containing 10 different household articles to be raffled off during the fair. Ten of the tickets sold will draw the articles numbered thereon.

A St. Louis exposition ticket will be raffled off during the fair. The person winning the lucky number will be given two railroad tickets free of cost, to St. Louis and return during the exposition.

The ladies' committee consists of Mrs. Conkle, Mrs. Webster, Mrs. Lannan, Mrs. Plankinton, Mrs. Saling, Mrs. Horrigan and Misses Smith and Flood.

The ladies have full charge of the solicitation of articles from those who are in sympathy with the church cause in making the fair a success. These ladies will also be in charge of the different booths and tables during the fair. Everything is in shape so that when the fair opens it will be handled in a successful way.

The ladies have been more than successful in soliciting from the business people, as well as the private families in Chester, Wellsville and East Liverpool.

The two watch contests promise to be hard fought by the four different contestants, as each one of them is quite popular and have many personal friends and acquaintances who will do their utmost to have their favorite win one of the contests.

During the fair a small admission fee will be charged at the entrance to Rock Springs pavilion, where the fair is to be held. Children under 12 years of age will be admitted free.

## BACK GIVES OUT

Plenty of East Liverpool Readers  
Have This Experience.

You tax the kidneys, overwork them. They can't keep up the continued strain.

The back gives out—it aches and pains. Urinary troubles set in. Don't wait longer—take Doan's Kidney Pills.

East Liverpool people tell you how they act.

Mr. William Anderson, of 305 Lisbon street, says: "During the civil war I enlisted and served three years in the Forty-second Infantry. From the exposure during the war I attribute the severe aching and weakness in the loins and muscular rheumatism of recent years which all seemed to center in my kidneys. In the morning when first getting up I was very dizzy until I had moved around for a time and my nervous system became affected, causing fluttering and fullness around the heart. Seeing an advertisement in the paper I got Doan's Kidney Pills at the W. & W. Pharmacy and took them. A few doses gave me relief. The improvement was gradual and continued as the medicine got thoroughly into my system. I firmly believe that Doan's Kidney Pills will in every case as they did in mine, prove the justness of the claims made for them."

For sale by all dealers. Price, 50 cents a box. Foster-Milburn company, Buffalo, N. Y., sole agents for the United States.

Remember the name Doan's and take no other.

Sold by W. & W. Pharmacy.

Street car numbers 113 and 58 came  
together in a head-on collision yester-  
day afternoon about 2 o'clock, in the  
hollow between the grade leading to  
the narrow and on the south to  
Glendale. The cars were badly de-  
molished, the force of the collision be-  
ing so great that both cars had the  
front ends smashed into kindling  
wood. It is very doubtful if they can  
be repaired.

Motorman J. W. Applegate, of car  
58, received serious injuries. When

he was taken to Glendale hospital it  
was found to be necessary to ampu-  
tate his left leg above the knee and  
the knee cap of the right leg was  
badly split. His injuries are exceed-  
ingly painful.

Motorman Thomas Burke, of car No.  
113, was considerably bruised and  
slightly wrenched across the back.  
Postmaster A. E. Lynch, wife and  
young son, of Moundsville, who were  
among the half dozen or more pas-  
sengers on car 113, were all three  
slightly injured. The cause of the  
accident cannot be definitely learned.  
The crash occurred at the foot of two  
sharp inclines and it was impossible

curve to see from either car a dis-  
tance of 50 feet ahead.

## HOW A BRICKLAYER

## ROSE TO FORTUNE

BECAME A CONTRACTOR AND WORKED FOR ROCKEFELLER.

Now He Has All the Work He Can Do And a Fine Income.

Toronto, October 27.—Fifteen years ago John Sweatt, son of Mr. and Carter Sweatt, of Toronto, left his home for the eastern states a poor boy, having nothing in prospect but his avocation as a bricklayer to help him through. He plied his trade diligently in a Massachusetts city until he finally became a contractor. Year after year saw him branching out with large contracts until finally he attracted the attention of John Rockefeller, the Standard Oil magnate.

The latter gave John Sweatt the \$250,000 contract for the addition to the Chicago university buildings. This he finished with such satisfaction to the magnate, following Rockefeller's plans specifically, that he was given an equally important contract a Blyn Mawr, Pa., the rich Philadelphia suburb. Sweatt finished this and was given a number of other big contracts, until now he can count a fortune well up in the thousands.

Last week Sweatt purchased a farm in Allen county, Ind., of which Ft. Wayne is the county seat, and paid \$16,000 cash for it. He invited his old father and mother to take possession of it, but as they are comfortably fixed in the old homestead on Market street they did not care in their old days to move, and declined the offer.

The Allen county farm took the first prize at the county fair held there this fall as the best equipped farm in the county.

## HOME AFFAIRS

Brief Notes of a Personal Nature And of Matters About Town.

**Coal Business Active**—Coal men are happy and are rushed with more orders than they can fill, owing to the present cold snap. The prices obtained are good.

**Had a Warrant Issued**—George W. Parsons appeared before Mayor Weaver this morning and had a warrant issued for the arrest of Alonzo Schaffer, charging him with being disorderly by fighting.

**Finishing a Contract**—Harrison Rinehart, the paving contractor, is finishing 8,000 yards of street paving for the Pennsylvania company near the big yards in Cleveland in the vicinity of Newburg. He says paving contracts are winding up for the season and not much doing.

**Came Here for Justice**—Madison township being without a justice of the peace at present Thomas Beatty, of that township, yesterday entered a suit before Justice McCarron. He claims a \$25 beagle hound belonging to him is being retained by J. A. Holliday, a neighbor. The hearing will be held later.

**For Winter Quarters**—At this season of the year many veterans of the civil war wend their way to the Soldiers' home at Dayton, to go into winter quarters, and it is well that such a home is provided for them to shield them from the wintry blasts. John Wintersgill, the veteran soldier and fisherman, who has counted East Liverpool his home for nearly 60 years and served throughout the war, left today for Dayton to spend the winter. He returns here each summer to engage in fishing in the Ohio. Joseph Leech, another old Pennsylvania veteran, after spending the summer months fishing, left yesterday for the Dayton home. A number of others will follow him shortly.

old style patrol call system and will place the telephones in, thinking that they will have better results. The cost will not be much, if it is to be compared with the two telephones that have been put in. They cost, all told, about \$5. The subject will be given considerable attention at the next meeting of the board.

## MAYO'S TEMPER A VERY BAD ONE

Stebenville Man Who Killed a Young Lady Often Let Anger Get the Best of Him.

T. A. White, the well known local insurance agent, states that he knew L. E. Mayo, the alleged stabber of Miss Olive O'Neil, at Stebenville, the story of whose crime were printed in all of the papers yesterday except the one which boasts of having "the only complete telegraph service." Mr. White says that he used to room with Mayo and that many a time he had made the remark that Mayo would kill some one some day. Mr. White further stated that Mayo had the hottest temper of any young man he ever saw. He recalls one incident which clearly shows how hot-headed Mayo was.

One evening Mayo was walking down a street in Stebenville when a gang of about eight negroes insulted him. He flew into a fit of rage, ran after a club and returning almost killed the entire bunch. Most men would have been glad to have escaped the same treatment at the hands of the negroes.

**Three Killed in a Riot.**

whether he had any considerable amount of money in his possession, for he is in such a serious condition that he is unable to tell anything about the accident whatever. Owing to his wrecked condition from drink, and his severe injuries, it is a question whether he will survive.

A son of Mr. Thompson's, the latter also employed at the East End Sewer Pipe works, came down and notified his father of Potts' serious condition. Mr. Thompson immediately left for Smith's Ferry to look after his injured relative.

Potts has long been addicted to excessive drinking, it is said.

## Well Known in Toronto.

Toronto, October 27.—(Special).—Joe Davis, the young man who has been arrested by the Jefferson county authorities for complicity in the Owens murder out on Island Creek, spent most of his life in Toronto. His father, a miner, was killed by a C. & P. passenger train 15 or 18 years ago, while going up the tracks toward his home. There was a question at the time whether the elder Davis was killed accidentally or committed suicide, but the coroner decided it was accidental.

Year after year saw him branching out with large contracts until finally he attracted the attention of John Rockefeller, the Standard Oil magnate.

The latter gave John Sweatt the \$250,000 contract for the addition to the Chicago university buildings. This he finished with such satisfaction to the magnate, following Rockefeller's plans specifically, that he was given an equally important contract a Blyn Mawr, Pa., the rich Philadelphia suburb. Sweatt finished this and was given a number of other big contracts, until now he can count a fortune well up in the thousands.

Last week Sweatt purchased a farm in Allen county, Ind., of which Ft. Wayne is the county seat, and paid \$16,000 cash for it. He invited his old father and mother to take possession of it, but as they are comfortably fixed in the old homestead on Market street they did not care in their old days to move, and declined the offer.

The Allen county farm took the first prize at the county fair held there this fall as the best equipped farm in the county.
